ABOUT THIS FORM C

You should rely only on the information contained in this Form C. We have not authorized anyone to provide any information or make any representations other than those contained in this Form C, and no source other than OpenDeal Portal LLC dba Republic (the “**Intermediary**”) has been authorized to host this Form C and the Offering. If anyone provides you with different or inconsistent information, you should not rely on it. We are not offering to sell, nor seeking offers to buy, the Securities (as defined below) in any jurisdiction where such offers and sales are not permitted. The information contained in this Form C and any documents incorporated by reference herein is accurate only as of the date of those respective documents, regardless of the time of delivery of this Form C or the time of issuance or sale of any Securities.

Statements contained herein as to the content of any agreements or other documents are summaries and, therefore, are necessarily selective and incomplete and are qualified in their entirety by the actual agreements or other documents. Prior to the consummation of the purchase and sale of the Securities, the Issuer will afford prospective Investors (defined below) an opportunity to ask questions of, and receive answers from, the Issuer and its management concerning the terms and conditions of this Offering and the Issuer. Potential purchasers of the Securities are referred to herein as “**Investors**” or “**you**”. The Issuer is referred to herein as the “**Issuer**” or “**we**”.

In making an investment decision, you must rely on your own examination of the Issuer and the terms of the Offering, including the merits and risks involved. The statements of the Issuer contained herein are based on information believed to be reliable; however, no warranty can be made as to the accuracy of such information or that circumstances have not changed since the date of this Form C. For example, our business, financial condition, results of operations, and prospects may have changed since the date of this Form C. The Issuer does not expect to update or otherwise revise this Form C or any other materials supplied herewith.

This Form C is submitted in connection with the Offering described herein and may not be reproduced or used for any other purpose.

CAUTIONARY NOTE CONCERNING FORWARD-LOOKING STATEMENTS

This Form C and any documents incorporated by reference herein contain forward-looking statements and are subject to risks and uncertainties. All statements other than statements of historical fact or relating to present facts or current conditions included in this Form C are forward-looking statements. Forward-looking statements give our current reasonable expectations and projections regarding our financial condition, results of operations, plans, objectives, future performance and business. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. These statements may include words such as “anticipate,” “estimate,” “expect,” “project,” “plan,” “intend,” “believe,” “may,” “should,” “can have,” “likely” and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events.

The forward-looking statements contained in this Form C and any documents incorporated by reference herein are based on reasonable assumptions we have made in light of our industry experience, perceptions of historical trends, current conditions, expected future developments and other factors we believe are appropriate under the circumstances. As you read and consider this Form C, you should understand that these statements are not guarantees of performance or results. Although we believe that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect our actual operating and financial performance and cause our performance to differ materially from the performance anticipated in the forward-looking statements. Should one or more of these risks or uncertainties materialize, or should any of these assumptions prove incorrect or change, our actual operating and financial performance may vary in material respects from the performance projected in these forward-looking statements.

Investors are cautioned not to place undue reliance on these forward-looking statements. Any forward-looking statements made in this Form C or any documents incorporated by reference herein are accurate only as of the date of those respective documents. Except as required by law, we undertake no obligation to publicly update any forward-looking statements for any reason after the date of this Form C or to conform these statements to actual results or to changes in our expectations.

THE OFFERING AND THE SECURITIES

The Offering

The Issuer is offering a minimum amount of \$50,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$4,759,422 (the “**Maximum Offering Amount**”) of Crowd SAFE (Simple Agreement for Future Equity) (the “**Securities**”) on a best efforts basis as described in this Form C (this “**Offering**”). The Minimum Individual Purchase Amount is \$250 and the Maximum Individual Purchase Amount is \$250,000. The Issuer reserves the right to amend the Minimum Individual Purchase Amount and Maximum Individual Purchase Amount, in its sole discretion. In particular, the Issuer may elect to participate in one of the Intermediary’s special investment programs and may offer alternative Minimum Individual Purchase Amounts and Maximum Individual Purchase Amounts to Investors participating in such programs without notice. The Company must raise an amount equal to or greater than the Target Offering Amount by August 22, 2023 (the “**Offering Deadline**”). Unless the Issuer receives investment commitments, which are fully paid for and meet all other requirements set by this Offering, in an amount not less than the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be canceled and all committed funds will be returned.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Issuer’s asset value, net worth, revenues or other objective established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by the **Intermediary** (as defined above), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Issuer are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with a qualified third party escrow agent meeting the requirements of Regulation CF (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds. If the Investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the Investor will receive their Securities.**

The Issuer will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Issuer reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Issuer continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

The Deal Page

A description of our products, services and business plan can be found on the Issuer’s profile page on the Intermediary’s website under <https://republic.com/rentberry> (the “**Deal Page**”). The Deal Page can be used by prospective Investors to ask the Issuer questions and for the Issuer to post immaterial updates to this Form C as well as make general announcements. You should view the Deal Page at the time you consider making an investment commitment. Updates on the status of this Offering can also be found on the Deal Page.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Issuer will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be canceled and the committed funds will be returned without interest or deductions.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Issuer designates pursuant to Rule 304(b) of Regulation CF, the Issuer may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Issuer conducts an initial closing (the “**Initial Closing**”), the Issuer agrees to only withdraw seventy percent (70%) of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Issuer may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the Target Offering Amount as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Issuer upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Issuer has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Issuer until they are accepted by the Issuer, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Issuer rejects all or a portion of any investment commitment, the applicable prospective Investor’s funds will be returned without interest or deduction.

The Securities

We request that you please review this Form C and the Instrument attached as Exhibit B, in conjunction with the following summary information.

Not Currently Equity Interests

The Securities are not currently equity interests in the Issuer and merely provide a right to receive equity at some point in the future upon the occurrence of certain events (which may or may not occur).

Dividends and/or Distributions

The Securities do not entitle Investors to any dividends.

Nominee

The Nominee (as defined below) will act on behalf of the Investors as their agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of Securities or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee’s sole discretion, to take custody of any securities acquired upon conversion of the Securities. The Nominee will take direction from a pre-disclosed party selected by the Issuer and designated below on any matter in which affects the Investors’ economic rights. The Nominee is not a fiduciary to the Investors and the Investors agree to indemnify the Nominee per the terms of the Security.

Conversion

Upon the next sale (or series of related sales) by the Issuer of its Capital Stock to one or more third parties resulting in gross proceeds to the Issuer of not less than \$1,000,000 cash and cash equivalent (each an “**Equity Financing**”), the Securities are convertible into shares of the securities issued in said Equity Financing, at the option of the Issuer.

Conversion Upon the First Equity Financing (Early Investors)

If the Issuer elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, each investor who invests during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$2,500,000.00 USD, will receive the number of securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the “**Purchase Amount**”) by (a) or (b) immediately below:

(a) the quotient of \$25,000,000 (“**Valuation Cap**”) divided by the aggregate number of issued and outstanding shares of capital stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase capital stock, but excluding (i) shares of capital stock reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**SAFEs**”), and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs;

OR

(b) the price per share of the securities sold in such Equity Financing multiplied by 80%.

Such conversion price shall be deemed the “**First Equity Financing Price for Early Investors**”.

Conversion Upon the First Equity Financing (Standard Investors)

If the Issuer elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, each investor who invests during the second tranche of the Offering, which includes all subscriptions from 2,500,000.01 USD to \$4,759,422 USD, will receive the number of securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the “**Purchase Amount**”) by (a) or (b) immediately below:

(a) the quotient of \$35,000,000 (“**Valuation Cap**”) divided by the aggregate number of issued and outstanding shares of capital stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase capital stock, but excluding (i) shares of capital stock reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**SAFEs**”), and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs;

OR

(b) the price per share of the securities sold in such Equity Financing multiplied by 80%.

Such conversion price shall be deemed the “**First Equity Financing Price for Standard Investors**”.

Conversion After the First Equity Financing

If the Issuer elects to convert the Securities upon an Equity Financing other than the first Equity Financing following the issuance of the Securities, at the Issuer’s discretion the Investor will receive, the number of converted securities equal to the quotient obtained by dividing (a) the Purchase Amount by (b) the First Equity Financing Price.

Conversion Upon a Liquidity Event Prior to an Equity Financing (Early Investors)

For investors who invest during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$2,500,000.00 USD, in the case of the Issuer’s undergoing an **IPO** (as defined below) of

its Capital Stock (as defined in the Security) or a **Change of Control** (as defined below) of the Issuer (either of these events, a **“Liquidity Event”**) prior to any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) a cash payment equal to the Purchase Amount subject to the following paragraph (the **“Cash Out Option”**) or (ii) a number of shares of Common Stock of the Issuer equal to the Purchase Amount divided by the quotient of (a) \$25,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Issuer’s capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (w) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (x) any SAFEs; (y) convertible promissory notes; and (z) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.

Conversion Upon a Liquidity Event Prior to an Equity Financing (Standard Investors)

For investors who invest during the second tranche of the Offering, which includes all subscriptions from \$2,500,000.01 USD to \$4,759,422 USD, in the case of the Issuer’s undergoing an **IPO** (as defined below) of its Capital Stock (as defined in the Security) or a **Change of Control** (as defined below) of the Issuer (either of these events, a **“Liquidity Event”**) prior to any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) a cash payment equal to the Purchase Amount subject to the following paragraph (the **“Cash Out Option”**) or (ii) a number of shares of Common Stock of the Issuer equal to the Purchase Amount divided by the quotient of (a) \$35,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Issuer’s capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (w) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (x) any SAFEs; (y) convertible promissory notes; and (z) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.

In connection with the Cash Out Option, the Purchase Amount (or a lesser amount as described below) will be due and payable by the Issuer to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investors and the holders of other SAFEs (collectively, the **“Cash-Out Investors”**) in full, then all of the Issuer’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

“Change of Control” as used above, means (i) a transaction or series of related transactions in which any person or group becomes the beneficial owner of more than fifty percent (50%) of the outstanding voting securities entitled to elect the Issuer’s board of directors, (ii) any reorganization, merger or consolidation of the Issuer, in which the outstanding voting security holders of the Issuer fail to retain at least a majority of such voting securities following such transaction or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Issuer.

“IPO” as used above, means: (A) the completion of an underwritten initial public offering of Capital Stock by the Issuer pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Capital Stock by the Issuer to the public, which in each case results in such equity securities being listed and posted for trading or quoted on a recognized exchange; (B) the Issuer’s initial listing of its Capital Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers shares of existing capital stock of the Issuer for resale, as approved by the Issuer’s board of directors, where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Capital Stock of the Issuer.

Conversion Upon a Liquidity Event Following an Equity Financing

In the case of a Liquidity Event following any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) the Cash Out Option or (ii) a number of shares of the most recently issued capital stock equal to the Purchase Amount divided by the First Equity Financing Price. Shares of capital stock granted in connection therewith shall have the same liquidation rights and preferences as the shares of capital stock issued in connection with the Issuer’s most recent Equity Financing.

If there are not enough funds to pay the Investors and the other Cash-Out Investors in full, then all of the Issuer's available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

If the Issuer's board of directors (or other applicable governing body if the Issuer is a limited liability company) determines in good faith that delivery of equity securities to the Investor pursuant to Liquidity Event paragraphs above would violate applicable law, rule or regulation, then the Issuer shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such capital stock, as determined in good faith by the Issuer's board of directors (or other applicable governing body if the Issuer is a limited liability company).

Dissolution

If there is a **Dissolution Event** (as defined below) before the Securities terminate, subject to the preferences applicable to any series of preferred stock then outstanding, the Issuer will distribute all proceeds legally available for distribution with equal priority among the (i) holders of the Securities (on an as converted basis based on a valuation of Common Stock as determined in good faith by the Issuer's board of directors at the time of the Dissolution Event), (ii) all other holders of instruments sharing in the distribution of proceeds of the Issuer at the same priority as holders of Common Stock upon a Dissolution Event and (iii) all holders of Common Stock.

A "**Dissolution Event**" means (i) a voluntary termination of operations by the Issuer, (ii) a general assignment for the benefit of the Issuer's creditors or (iii) any other liquidation, dissolution or winding up of the Issuer (excluding a Liquidity Event), whether voluntary or involuntary.

Termination

The Securities terminate (without relieving the Issuer of any obligations arising from a prior breach of or non-compliance with the Securities) upon the earlier to occur of: (i) the issuance of shares in the converted securities to the Investor pursuant to the conversion provisions of the Crowd SAFE agreement or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to a Liquidity Event or a Dissolution Event.

Voting and Control

Neither the Securities **nor the securities issuable upon the conversion** of the Securities have voting rights unless otherwise provided for by the Issuer. In addition, to facilitate the Offering Crowd SAFE Investors being able to act together and cast a vote as a group, to the extent any securities acquired upon conversion of the Securities confer the holder with voting rights (whether provided by the Issuer's governing documents or by law), the Nominee (as defined above) will act on behalf of the holders as agent and proxy in all respects. The Nominee will vote consistently at the direction of the Chief Executive Officer of the Issuer (the "**Nominee Designee**").

Current stockholders are subject to a Voting Agreement. Former SAFE holders who received Common Stock upon a conversion of their SAFE have terms which differ from those stockholders who acquired Common Stock directly. Certain holders are required to vote for a Dissolution Event if the Issuer's board of directors have voted in favor of such Dissolution Event. Other holders have agreed to vote in favor of a Dissolution Event, Liquidity Event or a capital raising transaction (or series of capital raising transactions) so long as the Issuer's board of directors has voted in favor of such event.

The Issuer and its stockholders are also party to a Stockholders' Agreement. The Stockholders' Agreement requires stockholders to grant the CEO of the Company, Oleksiy Lyubynskyy, an irrevocable proxy to vote their securities in accordance with the Stockholders' Agreement. Transferees will also be required to be bound by the terms of the Stockholders' Agreement. The CEO's proxy will terminate for those shareholders who acquired Common Stock in November 2022 and January 2023 upon the earlier of the closing of a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act covering the offer and sale of Common Stock, the effectiveness of a registration statement under the Exchange Act covering the Common Stock, or five years from the date of execution of the Investor's Subscription Agreement. Notwithstanding the expiration of the CEO's proxy described above, the Stockholders' Agreement grants the CEO a separate proxy and power of attorney in cases where the investor does not vote or votes in manner inconsistent with that agreement. This proxy and power of attorney terminates upon the earlier of the consummation of the Company's first underwritten public offering of its Common Stock, the consummation of a sale of the Company and distribution of proceeds to or escrow for the benefit of the stockholders, or the written consent of the Founder, defined as Mr. Lyubynskyy, and the holders of a majority of the issued and outstanding shares of the Company's Common Stock.

Additionally, the Stockholders' Agreement mandates that the Company's Founder, defined as Mr. Lyubynskyy, the Company's CEO, approve of each of the following:

- The sale, transfer or other disposition of all or substantially all of the Company's assets;
- The incurrence or the guarantee of indebtedness by the Company in excess of \$5 million, except financing of receivables in the ordinary course of business;
- The merger, consolidation or dissolution of the Company other than a merger in which the Company is the surviving corporation;
- Any material recapitalization, restatement of assets, reduction of capital or other material change in the capitalization of the Company;
- Any issuance or agreement to issue any capital stock of the Company or any option or warrant for, any security convertible into, any capital stock of the Company other than pursuant to employee benefit plans approved by the Board of Directors of the Company;
- The filing of any registration statement under the Securities Act of 1933, as amended, with respect to a public offering of the Company's securities; or
- The amendment of the Certificate of Incorporation or Bylaws (or similar charter or organizational documents) of the Company.

Required Vote in Favor of Founder's Slate of Directors in Addition to the Proxies

With respect to the election of directors, the Stockholders' Agreement provides that as long as the Founder/CEO, Mr. Lyubynskyy, and his affiliates own collectively 20% of the Company's issued and outstanding Common Stock on a fully diluted basis, each stockholder agrees to vote their shares in favor of the individuals designated by Mr. Lyubynskyy as Founder/CEO.

Stockholders Required to Vote in Favor of Increase in Authorized Shares of Common Stock

The Stockholders' Agreement binds each stockholder to vote all shares owned by the stockholder in favor of an increase in the number of authorized shares of Common Stock such that there will be sufficient shares of Common Stock available for either the conversion of all of the shares of the Issuer's Preferred Stock outstanding at any given time and for any issuance of Common Stock pursuant to equity financing activities at the request of the Founder/CEO.

Drag-Along Rights

Stockholders will also be subject to a drag-along provision. If the Board of Directors receives and accepts a bona fide written offer to engage in a sale of the Company, or agrees to a liquidation or winding down of the Issuer, in one transaction or a series of related transactions, stockholders will be required to sell their shares at the price offered or otherwise participate in such transaction even if they don't want to sell their shares at that price or participate in the transaction. Specifically, investors will be forced to sell their stock in that transaction regardless of whether they believe the transaction is the best or highest value for their shares, and regardless of whether they believe the transaction is in their best interests.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Issuer.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Issuer; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust

controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. "Member of the family" as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Issuer with an opinion of counsel reasonably satisfactory to the Issuer stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any capital stock into which they are convertible to any of the Issuer's competitors, as determined by the Issuer in good faith.

Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the Terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services.

Other Material Terms

- The Issuer does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.
- The Issuer cannot determine if it currently has enough capital stock authorized to issue upon the conversion of the Securities, because the amount of capital stock to be issued is based on the occurrence of future events.

COMMISSION AND FEES

Cash Commission

At the conclusion of the Offering, the Issuer shall pay the Intermediary a fee of six percent (6%) of the dollar amount raised in the Offering.

Other Compensation

The Intermediary will also receive compensation in the form of the Securities equal to two percent (2%) of the total number of the Securities sold in the Offering. The total number of Securities outstanding after the Offering is subject to increase in an amount equal to the Intermediary's fee of two percent (2%) of the Securities issued in this Offering.

RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Issuer is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Issuer's Business and Industry

Voting control is in the hands of our CEO and Founder.

Voting control is concentrated in the hands of the Issuer's Founder and CEO, Oleksiy Lyubynskyy, through a series of proxies, voting agreements and other provisions in the Issuer's Stockholders' Agreement. Subject to any fiduciary duties owed to owners or investors under Delaware law, our Founder and CEO will be able to exercise significant influence on matters requiring owner approval, including the election of directors, approval of significant Issuer transactions, and will have unfettered control over the Issuer's management and policies. Investors may have interests and views that are different from the Issuer's management. For example, management may support proposals and actions with which investors may disagree with. Our CEO could use his voting influence to maintain the Issuer's existing management, delay or prevent changes in control of the Issuer or support or reject other management and board proposals that are subject to owner approval.

Investors will have no ability to impact or otherwise influence corporate decisions of the Issuer.

Pursuant to the Issuer's Stockholders' Agreement, investors have granted an irrevocable proxy to the Issuer's CEO, Mr. Oleksiy Lyubynskyy, to vote their shares of Common Stock on all matters put to a vote of the stockholders. Furthermore, transferees of shares of Common Stock must also agree to be bound by the terms of both agreements. The CEO's proxy will terminate upon the earlier of the closing of a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act covering the offer and sale of Common Stock, the effectiveness of a registration statement under the Exchange Act covering the Common Stock, or five years from the date of execution of the Investor's Subscription Agreement.

Notwithstanding the expiration of the CEO's proxy described above, the Stockholders' Agreement grants the CEO a separate proxy and power of attorney in cases where the investor does not vote or votes in a manner inconsistent with that agreement. Votes required by this proxy and power of attorney include:

- Votes in favor of Mr. Lyubynskyy's slate of directors where Mr. Lyubynskyy still holds the requisite number of shares; and
- Vote in favor of increasing the number of shares of Common Stock.

This proxy and power of attorney terminates upon the earlier of the consummation of the Issuer's first underwritten public offering of its Common Stock, the consummation of a sale of the Issuer and distribution of proceeds to or escrow for the benefit of the stockholders, or the written consent of the Founder and the holders of a majority of the issued and outstanding shares of the Issuer's Common Stock.

Additionally, the Stockholders' Agreement mandates that the Issuer's Founder, defined as Mr. Lyubynskyy, the Issuer's CEO, approve of certain transactions, including the sale, transfer or disposition of substantially all of the Issuer's assets, debt in excess of \$5 million, merger, restatement of assets, any agreement to issue any capital stock, option, warrant or other convertible security of the Issuer other than pursuant to an employee benefit plan, or the amendment of the Issuer's certificate of incorporation or bylaws.

Moreover, the Stockholders' Agreement entails a provision under which the Issuer may require stockholders to sell their shares of Common Stock back to the Issuer.

Global crises and geopolitical events, including without limitation, COVID-19 can have a significant effect on our business operations and revenue projections.

A significant outbreak of contagious diseases, such as COVID-19, in the human population could result in a widespread health crisis. Additionally, geopolitical events, such as wars or conflicts, could result in global disruptions to supplies, political uncertainty and displacement. For instance, the Issuer notes that due to the conflict between Russia in the Ukraine it is currently not conducting business in Belarus and Russia and its current operations in Ukraine is limited to its one asset located in Kiev. Each of these crises could adversely affect the economies and financial markets of many countries, resulting in an economic downturn that could reduce the demand for our products and services and impair our business prospects, including as a result of being unable to raise additional capital on acceptable terms, if at all.

The amount of capital the Issuer is attempting to raise in this Offering will not be enough to sustain the Issuer's current business plan.

In order to achieve the Issuer's near and long-term goals, the Issuer will need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Issuer will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with the Issuer and present and future market conditions. We have not generated profits since inception and have a history of losses. Additionally, our future sources of revenue may not be sufficient to meet our future capital requirements. As such, we may require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

Our business is affected by seasonality.

Our business is affected by the general seasonal trends common to the residential rental market. We have observed increased traffic during the winter months of November, December and January. We have also observed increased traffic on our platform during the summer months from June through September as families and students seek housing before the start of the school year. We believe these trends are at least in part due to the impact of COVID-19 and the increased number of people who work from home and decided to change their residential location. This seasonality may adversely affect our business and cause our results of operations to fluctuate.

The Issuer's platform services are relatively new in an industry that is still quickly evolving.

We believe that the online residential property rental market is in early stages of development and anticipate that significant shifts in landlord and tenant behaviors may occur rapidly and on an ongoing basis. The Issuer continues to learn a great deal about the market participants as the industry evolves. The Issuer may not successfully anticipate or keep pace with industry changes, and the Issuer may invest considerable financial, personnel and other resources to pursue strategies that do not, ultimately, prove effective such that its business, results of operations and financial condition may be harmed.

We believe that our platform fills a needed space in the rental industry by providing transparency and efficiency in an opaque market. We also believe our streamlined, no contact services will benefit both landlords, tenants and other providers of products and services on our platform during COVID-19 type crises. However, our potential market may not be as large as we anticipated, or the number of our platform users may not grow as rapidly as planned. With a smaller market than expected, we may have fewer landlords, tenants and other providers of products and services through our platform. Success will likely be a factor of investing in the development and implementation of marketing campaigns, subsequent change of behaviors by tenants and landlords from traditional in-person rentals to our platform, and favorable changes in the regulatory environment. See "We operate in a regulatory environment that is evolving and uncertain," below.

The Issuer's future success also substantially depends on the continued use of the internet as the primary medium for the real estate rental marketplace. For any number of reasons, internet use may not continue to develop as the Issuer anticipates. If users begin to access real estate information through other media and the Issuer fails to innovate, its business, results of operations and financial condition may be negatively impacted.

We may not have enough authorized capital stock to issue shares of common stock to investors upon the conversion of any security convertible into shares of our common stock, including the Securities.

Unless we increase our authorized capital stock, we may not have enough authorized common stock to be able to obtain funding by issuing shares of our common stock or securities convertible into shares of our common stock. We may also not have enough authorized capital stock to issue shares of common stock to investors upon the conversion of any security convertible into shares of our common stock, including the Securities.

We may implement new lines of business or offer new products and services within existing lines of business.

We may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We operate in a regulatory environment that is evolving and uncertain.

Although the rental market is well established, the Rentberry platform is introducing a new way of doing business. Some states and cities have implemented, or considered implementing, new rules designed to impact rent bidding websites, including Rentberry's platform. In 2018, the city of Seattle, Washington imposed a moratorium against rent-bidding web sites rendering it illegal for landlords and tenants to use those platforms, which we challenged in court. The Court for the Western District of Washington at Seattle ruled in favor of the city's imposition of the moratorium finding, among other things, that we lacked standing at that time. The Seattle government's moratorium expired April 30, 2020, but the government may choose to reinstate the moratorium. Furthermore, other jurisdictions may decide to impose a similar moratorium or other restrictions in the form of regulation that may impact our operations and ability to monetize our platform.

For example, on December 19, 2019, the Court of Justice of the European Union ("CJEU") ruled that Airbnb is a provider of information society services under the E-Commerce Directive, which may also result in application of new regulation to us. There continue to be new laws and government initiatives within the European Union attempting to regulate Airbnb as a platform which may also impact us. In several cases, national courts are evaluating whether certain local rules imposing obligations on platforms can be enforced against Airbnb. For example, Airbnb is challenging an Italian law requiring short-term rental platforms to act as withholding tax agent for host income taxes, to collect and remit tourist taxes, and to disclose user data. Adverse rulings in these national cases are possible and could result in changes to our business practices in significant ways, increased operating and compliance costs, and lead to a loss of revenue for us.

We could face liability for information or content on or accessible through our platform.

We could face claims relating to information or content that is published or made available on our platform. Our platform relies upon content that is created and posted by landlords, agents, or other third parties. Although content on our platform is typically generated by third parties, and not by us, claims of defamation, disparagement, negligence, warranty, personal harm, intellectual property infringement, or other alleged damages could be asserted against us, in addition to our landlords and agents.

Regulators in the United States, Europe and other countries may introduce new regulatory regimes that increase potential liability for information or content available on our platform. For example, in the United States, laws such as the CDA, which have previously been interpreted to provide substantial protection to interactive computer service providers, may change and become less predictable or unfavorable by legislative action or juridical interpretation. There have been various federal legislative efforts to restrict the scope of the protections available to

online platforms under the CDA, in particular with regards to Section 230 of the CDA, and current protections from liability for third-party content in the United States could decrease or change. The European Union is also reviewing the regulation of digital services, and it has been reported that the European Union plans to introduce the Digital Services Act (“DSA”), a package of legislation intended to update the liability and safety rules for digital platforms, products, and services, which could negatively impact the scope of the limited immunity provided by the E-Commerce Directive.

Landlord, tenant, or third-party actions that are criminal, violent, inappropriate, or dangerous, or fraudulent activity, may undermine the safety or the perception of safety of our platform and our ability to attract and retain landlords and tenants and materially adversely affect our reputation, business, results of operations, and financial condition.

We have no control over or ability to predict the actions of our users and other third parties, such as neighbors or invitees, either during the tenant’s stay or otherwise, and therefore, we cannot guarantee the safety of our landlords, tenants, and third parties. The actions of landlords, tenants, and other third parties may result in fatalities, injuries, other bodily harm, fraud, invasion of privacy, property damage, discrimination, brand and reputational damage, which could create potential legal or other substantial liabilities for us. We do not verify the identity of all of our landlords and tenants, nor do we verify or screen third parties who may be present during the bidding on, or making of, a rental lease through our platform. The criminal background checks for U.S. landlords, U.S. tenants, and other screening processes we rely on, among other things, include information provided by landlords and tenants. Our ability to validate that information, the accuracy, completeness, and availability of the underlying information relating to criminal records, the digitization of certain records, the evolving regulatory landscape in this area such as in the data privacy space may not detect all fraud or other conduct related to such background checks. Also, third-party service providers may fail to conduct such background checks adequately or disclose information that could be relevant to a determination of eligibility, and we do not run criminal background checks and other screening processes on third parties who may be present during a reservation made through our platform.

In addition, we do not undertake to independently verify the safety, suitability, location, quality, and compliance with applicable legal requirements, such as fire code compliance or the presence of carbon monoxide detectors, of all our listings and rental properties. We also do not undertake to independently verify the location, safety, or suitability of properties for individual guests, the suitability, qualifications, or credentials of landlords or agents, or the qualifications of individual tenants. We rely on landlords and tenants to disclose information related to their listings and properties and such information may be inaccurate or incomplete. Further, certain listings may pose heightened safety risks to individual users because safety and other quality control issues may not be reported to us or because our customer support team has not taken the requisite action based on our policies. We rely, at least in part, on reports of issues from landlords and tenants to investigate and enforce many of our policies and standards. In addition, our policies may not contemplate certain safety risks posed by listings or individual landlords and tenants or may not sufficiently address those risks.

We may also face civil litigation, regulatory investigations, and inquiries involving allegations of, among other things, unsafe or unsuitable listings, discriminatory policies, data processing, practices or behavior on and off our platform or by landlords, tenants, and third parties, general misrepresentations regarding the safety or accuracy of offerings on our platform, and other landlord, tenant, or third-party actions that are criminal, violent, inappropriate, dangerous, or fraudulent. While we recognize that we need to continue to build trust and invest in innovations that will support trust when it comes to our policies, tools, and procedures to protect landlords, tenants, and the communities in which our landlords and rental properties exist, we may not be successful in doing so. Similarly, listings that are inaccurate, of a lower-than-expected quality, or that do not comply with our policies may harm tenants and public perception of the quality and safety of listings on our platform and materially adversely affect our reputation, business, results of operations, and financial condition.

We are subject to payment-related fraud and an increase in or failure to deal effectively with fraud, fraudulent activities, fictitious transactions, or illegal transactions would materially adversely affect our business, results of operations, and financial condition.

When landlords do not fulfill their obligations to tenants, there are fictitious listings on our platform, or there are landlord account takeovers, we may incur losses from claims by landlords and tenants, and these losses may be substantial. Such instances may lead to the reversal of payments received by us for such rentals, referred to as a “chargeback.” Our ability to detect and combat fraudulent schemes, which have become increasingly common and sophisticated, could be adversely impacted by the adoption of new payment methods, the emergence and innovation of new technology platforms, including mobile and other devices, and our growth in certain regions, including in

regions with a history of elevated fraudulent activity. We expect that technically knowledgeable criminals will continue to attempt to circumvent our anti-fraud systems. In addition, the payment card networks have rules around acceptable chargeback ratios. If we are unable to effectively combat fictitious listings and fraudulent bookings on our platform, combat the use of fraudulent credit cards, or otherwise maintain or lower our current levels of chargebacks, we may be subject to fines and higher transaction fees or be unable to continue to accept card payments because payment card networks have revoked our access to their networks, any of which would materially adversely impact our business, results of operations, and financial condition.

Our payments platform is susceptible to potentially illegal or improper uses, including money laundering, transactions in violation of economic and trade sanctions, terrorist financing, fraudulent listings, landlord account takeovers, or the facilitation of other illegal activity. Use of our payments platform for illegal or improper uses has subjected us, and may subject us in the future, to claims, lawsuits, and government and regulatory investigations, inquiries, or requests, which could result in liability and reputational harm for us. We have taken measures to detect and reduce fraud and illegal activities, but these measures need to be continually improved and may add friction to our booking process. These measures may also not be effective against fraud and illegal activities, particularly new and continually evolving forms of circumvention. If these measures do not succeed in reducing fraud, our business, results of operations, and financial condition would be materially adversely affected.

We rely on third-party payment service providers to process payments made by tenants and payments made to landlords on our platform. If these third-party payment service providers become unavailable or we are subject to increased fees, our business, results of operations, and financial condition could be materially adversely affected.

We rely on a number of third-party payment service providers, including payment card networks, banks, payment processors, and payment gateways, to link us to payment card and bank clearing networks to process payments made by our tenants and to remit payments to landlords on our platform. We have agreements with these providers, some of whom are the sole providers of their particular service. If these companies become unwilling or unable to provide these services to us on acceptable terms or at all, our business may be disrupted, we would need to find an alternate payment service provider, and we may not be able to secure similar terms or replace such payment service provider in an acceptable time frame. If we are forced to migrate to other third-party payment service providers for any reason, the transition would require significant time and management resources, and may not be as effective, efficient, or well-received by our hosts and guests. Any of the foregoing could cause us to incur significant losses and, in certain cases, require us to make payments to hosts out of our funds, which could materially adversely affect our business, results of operations, and financial condition.

In addition, the software and services provided by our third-party payment service providers may fail to meet our expectations, contain errors or vulnerabilities, be compromised, or experience outages. Any of these risks could cause us to lose our ability to accept online payments or other payment transactions or make timely payments to hosts on our platform, which could make our platform less convenient and desirable to customers and adversely affect our ability to attract and retain hosts and guests.

Moreover, our agreements with payment service providers may allow these companies, under certain conditions, to hold an amount of our cash as a reserve. They may be entitled to a reserve or suspension of processing services upon the occurrence of specified events, including material adverse changes in our business, results of operations, and financial condition. An imposition of a reserve or suspension of processing services by one or more of our processing companies, could have a material adverse effect on our business, results of operations, and financial condition.

If we fail to invest adequate resources into the payment processing infrastructure on our platform, or if our investment efforts are unsuccessful or unreliable, our payments activities may not function properly or keep pace with competitive offerings, which could adversely impact their usage. Further, our ability to expand our payments activities into additional countries is dependent upon the third-party providers we use to support these activities. As we expand the availability of our payments activities to additional geographies or offer new payment methods to our landlords and tenants in the future, we may become subject to additional regulations and compliance requirements, and exposed to heightened fraud risk, which could lead to an increase in our operating expenses.

We may be impacted by economic downturns in certain real estate markets in which we operate or by a prolonged global economic downturn.

The landlords and tenants that are the potential users of the Rentberry platform are affected by local, regional, national and international economic conditions and other events and occurrences that affect the market for rental properties. A protracted decline in economic conditions will cause downward pressure on the Issuer's operating margins as a result

of lower activity in the rental market. A prolonged downturn in one or more of the economies in the countries where the Issuer operates would result in reduced demand and will affect the ability of Rentberry's platform to generate significant revenue.

If we are unable to anticipate consumer preferences and successfully develop and introduce new, innovative and updated products, we may not be able to maintain or increase our sales or achieve profitability.

We believe the Issuer has assembled a quality team to grow the Issuer. However, it is possible that the Issuer will not be able to successfully implement future components of the business model, such as integrating reviews and ratings on the platform, adding multi-language support and onboarding properties in various locations and generate sufficient income from them. If the Issuer is unable to operationalize these and others features, or the market does not respond positively to them, then the Rentberry platform may be at risk of failure despite any corrective actions we may take. Furthermore, as discussed above, the Issuer may make changes to the platform, including its features and services, for any number of reasons and customers may choose to no longer use our platform. Our success depends on our ability to timely identify and originate product trends as well as to anticipate and react to changing consumer demands.

We may not be able to maintain or establish relationships with brokers, agents, high-volume landlords or other partnerships which could limit the information and services we are able to provide to our users and impair our ability to attract and retain user.

Our ability to attract and retain users to our platform depends on providing timely access to comprehensive and accurate information regarding the residential rental market. To provide these listings we maintain relationships with real estate brokerages, real estate listing aggregators, multiple listing services, property management companies, third-party listing providers, homeowners and their real estate agents to include listing data in our services. Many of our agreements with real estate listing providers are agreements that may be cancelled at any time. Moreover, our competitors and other real estate websites have similar access to the providers and their information and may be able to source real estate information faster or more efficiently than we can. Another industry participant or group could create a new listings data service which could impact the relative quality or quantity of information of our listing providers. The loss of existing relationships with these providers, whether because of termination of agreements or otherwise, may result in changes to our rights to use or timely access listing data or an inability to continue to add new listing providers or changes to the way real estate information is shared, and may negatively impact our listing data quality. These events could lead to reduced user confidence in our rental data and decreased traffic and users on our platform which would negatively impact our business, results of operations and financial condition.

The Issuer could be adversely affected by rising interest rates.

If the Issuer uses debt, its financial results may be adversely affected by rising interest rates. Increases in interest rates would increase the Issuer's interest expense, which could adversely affect the Issuer's cash flow and the Issuer's ability to service its debt. In addition, increases in costs of financing may lessen the appeal of some development opportunities to the Issuer. In addition to negatively impacting the Issuer's cash flow, the Issuer's revenues and results of operations may be affected and cause the Issuer to have losses or even liquidate.

We may not be able to lease the properties as anticipated.

The success of the Issuer's properties will be largely dependent upon the ability of the Issuer and/or its leasing and rental agents (whether or not such leasing and rental agents are affiliated with the Issuer) to timely lease the properties on favorable terms. A property may incur a vacancy either by the continued default of tenants under leases, the expiration of a lease or the termination by the tenant of a lease. The Issuer may be unable to renew leases or relet space and if such vacancies continue for a long period of time, the Issuer may suffer reduced revenues resulting in less cash available for working capital, funding operations, maintaining rental properties, or onboarding additional rental properties.

Tenant defaults could negatively impact our expected revenues.

At any time, any of the Issuer's tenants may fail to make rental payments when due, decline to extend a lease upon its expiration, become insolvent or declare bankruptcy. Tenant defaults may adversely affect the Issuer's results of operations, including revenue and cash flow. The Issuer's revenue, results of operations and cash flow would be adversely affected if tenants are unable to meet their obligations to the Issuer. In the event of default by tenants, the Issuer may experience delays and incur substantial costs in enforcing the Issuer's rights as landlord. Upon a default, the Issuer may not be able to relet the space or to relet the space on terms that are as favorable to the Issuer as the

defaulted lease, which could adversely affect the Issuer's financial results. Further, a tenant may elect to remain in a property after defaulting on the terms of their lease, and the Issuer may need to take legal and other actions in order to prepare the property to be relet.

Changes in property taxes could impact our revenues.

Each of the Issuer's properties will be subject to real property taxes. These taxes on the Issuer's properties may increase as tax rates change and as the properties are assessed or reassessed by taxing authorities. Many states and localities are considering increases in their income and/or property tax rates (or increases in the assessments of real estate) to cover revenue shortfalls. If property taxes increase, it may adversely affect the Issuer's financial results.

As a property owner, the Issuer will be subject to environmental risks.

Ownership of properties involves environmental risks. Federal, state and local laws and regulations to protect the environment may require a current or previous owner or operator of real estate to investigate and clean up hazardous or toxic substances or petroleum product releases at such property. The owner or operator may have to pay a governmental entity or third parties for property damage and for investigation and clean-up costs incurred by such parties in connection with the contamination. These laws typically impose clean-up responsibility and liability without regard to whether the owner or operator knew of or caused the presence of the contaminants. Even if more than one person may have been responsible for the contamination, each person covered by the environmental laws may be held responsible for all of the clean-up costs incurred. In addition, third parties may sue the owner or operator of a site for damages and costs resulting from environmental contamination arising from that site. Insurance for such matters may not be available. Additionally, new or modified environmental regulations could develop in a manner which could adversely affect the company.

Environmental laws also govern the presence, maintenance and removal of asbestos. Such laws require that owners or operators of buildings containing asbestos (i) properly manage and maintain the asbestos, (ii) notify and train those who may come into contact with asbestos and (iii) undertake special precautions, including removal or other abatement, if asbestos would be disturbed during renovation or demolition of a building. Such laws may impose fines and penalties on building owners or operators who fail to comply with these requirements. These laws may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers.

Failure by the Issuer to uncover and adequately protect against environmental issues in connection with a rental property may subject the Issuer to liability as owner of such property.

We may need to modify our properties to comply with state and federal laws including the Americans with Disabilities Act.

The Issuer's properties may be subject to the Americans with Disabilities Act (the "ADA"). The ADA has separate compliance requirements for "public accommodations" and "commercial facilities" that generally require that buildings and services be made accessible and available to people with disabilities. The ADA's requirements could require removal of access barriers and could result in the imposition of injunctive relief, monetary penalties or, in some cases, an award of damages. The Issuer will attempt to place the burden on sellers or other third parties, such as a tenant, to ensure compliance with the ADA. However, no assurance can be given that the Issuer will be able to allocate responsibilities in this manner. If the Issuer cannot, its cash resources used for ADA compliance will reduce cash available for working capital, funding operations, maintaining properties or onboarding new properties. In addition, the Issuer will be required to operate its properties in compliance with fire and safety regulations, building codes and other land use regulations, as they may be adopted by governmental agencies and bodies and become applicable to the Issuer's properties. The Issuer may be required to make substantial capital expenditures to comply with those requirements.

We rely on various intellectual property rights, including patents and trademarks, in order to operate our business.

The Issuer relies on certain intellectual property rights to operate its business. The Issuer's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey

competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our intellectual property rights, including our patents, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

The Issuer's success depends on the experience and skill of its executive officers and key personnel.

We are dependent on our executive officers and key personnel. These persons may not devote their full time and attention to the matters of the Issuer. The loss of all or any of our executive officers and key personnel could harm the Issuer's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Issuer does not have any key person life insurance policies on any such people.

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Issuer has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Issuer will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and our operations. We have no way to guarantee key personnel will stay with the Issuer, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

In order for the Issuer to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management and other personnel to develop additional expertise. We face intense competition for personnel, making recruitment time-consuming and expensive. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us, which could further delay or disrupt our product development and growth plans.

We need to rapidly and successfully develop and introduce new products in a competitive, demanding and rapidly changing environment.

To succeed in our intensely competitive industry, we must continually improve, refresh and expand our product and service offerings to include newer features, functionality or solutions, and keep pace with changes in the industry. Shortened product life cycles due to changing customer demands and competitive pressures may impact the pace at which we must introduce new products or implement new functions or solutions. In addition, bringing new products or solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate changing customer needs and trends. We must continue to respond to changing market demands and trends or our business operations may be adversely affected.

The development and commercialization of our products is highly competitive.

We face competition with respect to any products that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial,

technical and human resources than we have and superior expertise in research and development and marketing approved products and thus may be better equipped than us to develop and commercialize products. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative arrangements with large and established companies. Accordingly, our competitors may commercialize products more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products will achieve initial market acceptance, and our ability to generate meaningful additional revenues from our products.

Industry consolidation may result in increased competition, which could result in a loss of customers or a reduction in revenue.

Some of our competitors have made or may make acquisitions or may enter into partnerships or other strategic relationships to offer more comprehensive services than they individually had offered or achieve greater economies of scale. In addition, new entrants not currently considered to be competitors may enter our market through acquisitions, partnerships or strategic relationships. We expect these trends to continue as companies attempt to strengthen or maintain their market positions. The potential entrants may have competitive advantages over us, such as greater name recognition, longer operating histories, more varied services and larger marketing budgets, as well as greater financial, technical and other resources. The companies resulting from combinations or that expand or vertically integrate their business to include the market that we address may create more compelling service offerings and may offer greater pricing flexibility than we can or may engage in business practices that make it more difficult for us to compete effectively, including on the basis of price, sales and marketing programs, technology or service functionality. These pressures could result in a substantial loss of our customers or a reduction in our revenue.

If we are unsuccessful in adding users of our platform, or if our clients decrease their level of engagement, our revenue, financial results, and business may be significantly harmed.

We offer a platform for the rental industry. The amount of users of our platform and our client's level of engagement will be critical to our success. Our financial performance will be significantly determined by our success in adding, retaining, and engaging active users of our platform and the services offered. If clients do not perceive our platform or services provided thereunder to be useful, reliable, and trustworthy, we may not be able to attract or retain users or otherwise maintain or increase the frequency and duration of their engagement. There is no guarantee that we will not experience an erosion of our active client base or engagement levels in the future.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We may face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could

cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Issuer is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Issuer may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) issuer, the Issuer is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Issuer's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Issuer of such compliance could be substantial and could have a material adverse effect on the Issuer's results of operations.

Changes in federal, state or local laws and government regulation could adversely impact our business.

The Issuer is subject to legislation and regulation at the federal and local levels and, in some instances, at the state level. New laws and regulations may impose new and significant disclosure obligations and other operational, marketing and compliance-related obligations and requirements, which may lead to additional costs, risks of non-compliance, and diversion of our management's time and attention from strategic initiatives. Additionally, federal, state and local legislators or regulators may change current laws or regulations which could adversely impact our business. Further, court actions or regulatory proceedings could also change our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may

include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we may incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

Changes in employment laws or regulation could harm our performance.

Various federal and state labor laws govern our relationship with our employees and affect operating costs. These laws include minimum wage requirements, overtime pay, healthcare reform and the implementation of the Patient Protection and Affordable Care Act, unemployment tax rates, workers' compensation rates, citizenship requirements, union membership and sales taxes. A number of factors could adversely affect our operating results, including additional government-imposed increases in minimum wages, overtime pay, paid leaves of absence and mandated health benefits, mandated training for employees, increased tax reporting and tax payment requirements for employees who receive tips, a reduction in the number of states that allow tips to be credited toward minimum wage requirements, changing regulations from the National Labor Relations Board and increased employee litigation including claims relating to the Fair Labor Standards Act.

Risks Related to the Offering

State and federal securities laws are complex, and the Issuer could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.

The Issuer has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Issuer may have violated state or federal securities laws, any such violation could result in the Issuer being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Company would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Issuer will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Issuer violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Issuer which, among other things, could result in the Issuer having to pay substantial fines and be prohibited from selling securities in the future.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Issuer's management may have broad discretion in how the Issuer uses the net proceeds of the Offering.

Unless the Issuer has agreed to a specific use of the proceeds from the Offering, the Issuer's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

Because the Offering consists of two separate tranches, a single investor may receive different Crowd SAFEs with different terms, depending on the timing of its investment commitment.

The Offering is divided into separate tranches for early investors and standard investors. “Early Investors,” which include investors who invest during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$2,500,000.00 USD, will receive a Crowd SAFE with preferential terms, namely a reduced pre-money valuation cap (\$25,000,000 instead of \$35,000,000). A Crowd SAFE with different terms will be issued to “Standard Investors,” or investors who invest during the second tranche of the Offering, which includes all subscriptions from \$2,500,000.01 USD to \$4,759,422 USD. Accordingly, a single investor may be issued two different Crowd SAFEs with different terms, depending on the timing of the investor’s investment commitment.

The Intermediary Fees paid by the Issuer are subject to change depending on the success of the Offering.

At the conclusion of the Offering, the Issuer shall pay the Intermediary a fee of six percent (6%) of the dollar amount raised in the Offering. The compensation paid by the Issuer to the Intermediary may impact how the Issuer uses the net proceeds of the Offering.

The Issuer has the right to limit individual Investor commitment amounts based on the Issuer’s determination of an Investor’s sophistication.

The Issuer may prevent any Investor from committing more than a certain amount in this Offering based on the Issuer’s determination of the Investor’s sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Issuer’s determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Issuer’s determination.

The Issuer has the right to extend the Offering Deadline.

The Issuer may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Issuer attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Issuer extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Issuer receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Issuer receives the Target Offering Amount, at which time it will be released to the Issuer to be used as set forth herein. Upon or shortly after the release of such funds to the Issuer, the Securities will be issued and distributed to you.

The Issuer may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Issuer can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Issuer may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Issuer has the right to conduct multiple closings during the Offering.

If the Issuer meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Issuer to draw down on seventy percent (70%) of Investor proceeds committed and captured in the Offering during the relevant period. The Issuer may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

Investors will not have voting rights, even upon conversion of the Securities and will grant a third-party nominee broad power and authority to act on their behalf.

In connection with investing in this Offering to purchase a Crowd SAFE (Simple Agreement for Future Equity) investors will designate Republic Investment Services LLC (f/k/a NextSeed Services, LLC) (the “Nominee”) to act on their behalf as agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of the Securities or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee’s sole discretion, to take custody of any securities acquired upon conversion of the Securities. Thus, by participating in the Offering, investors will grant broad discretion to a third party (the Nominee and its agents) to take various actions on their behalf, and investors will essentially not be able to vote upon matters related to the governance and affairs of the Issuer nor take or effect actions that might otherwise be available to holders of the Securities and any securities acquired upon their conversion. Investors should not participate in the Offering unless he, she or it is willing to waive or assign certain rights that might otherwise be afforded to a holder of the Securities to the Nominee and grant broad authority to the Nominee to take certain actions on behalf of the investor, including changing title to the Security.

The Securities will not be freely tradable under the Securities Act until one year from when the securities are issued. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Issuer. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distribute, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the Terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services.

Investors will not become equity holders until the Issuer decides to convert the Securities or until there is a change of control or sale of substantially all of the Issuer’s assets. The Investor may never directly hold equity in the Issuer.

Investors will not have an ownership claim to the Issuer or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Issuer. Investors will not become equity holders of the Issuer unless the Issuer receives a future round of financing great enough to trigger a conversion and the Issuer elects to convert the Securities. The Issuer is under no obligation to convert the Securities. In certain instances, such as a sale of the Issuer or substantially all of its assets, an initial public offering or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Issuer. Further, the Investor may never become an equity holder, merely a beneficial owner of an equity interest, should the Company or the Nominee decide to move the Crowd SAFE or the securities issuable thereto into a custodial relationship.

Investors will not have voting rights, even upon conversion of the Securities.

Investors will not have the right to vote upon matters of the Issuer even if and when their Securities are converted (the occurrence of which cannot be guaranteed). Under the terms of the Securities, a third-party designated by the Issuer

will exercise voting control over the Securities. Upon conversion, the Securities will **continue** to be voted in line with the designee identified or pursuant to a voting agreement related to the equity securities the Security is converted into. For example, if the Securities are converted in connection with an offering of Series B Preferred Stock, Investors would directly or beneficially receive securities in the form of shares of Series B-CF Preferred Stock and such shares would be required to be subject to the terms of the Securities that allows a designee to vote their shares of Series B-CF Preferred Stock consistent with the terms of the Security. Thus, Investors will essentially never be able to vote upon any matters of the Issuer unless otherwise provided for by the Issuer.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Issuer or to receive financial or other information from the Issuer, other than as required by law. Other security holders of the Issuer may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Issuer can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Issuer such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in “default” and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any “default” provisions upon which Investors will be able to demand repayment of their investment. The Issuer has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to the amount of cash available to the Issuer.

The Issuer may never elect to convert the Securities or undergo a liquidity event and Investors may have to hold the Securities indefinitely.

The Issuer may never conduct a future equity financing or elect to convert the Securities if such future equity financing does occur. In addition, the Issuer may never undergo a liquidity event such as a sale of the Issuer or an initial public offering. If neither the conversion of the Securities nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services. The Securities are not equity interests, have no ownership rights, have no rights to the Issuer’s assets or profits and have no voting rights or ability to direct the Issuer or its actions.

Any equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.

The Issuer’s equity securities will be subject to dilution. The Issuer intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor’s control and economic interests in the Issuer.

The amount of additional financing needed by the Issuer will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Issuer with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Issuer’s needs, the Issuer may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Issuer will be able to accurately predict the future capital requirements necessary for

success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

Any equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Investor at the time of conversion.

In the event the Issuer decides to exercise the conversion right, the Issuer will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, dividend rights, or anti-dilution protection. Additionally, any equity securities issued at the Conversion Price (as defined in the Crowd SAFE agreement) shall have only such preferences, rights, and protections in proportion to the Conversion Price and not in proportion to the price per share paid by new investors receiving the equity securities. Upon conversion of the Securities, the Issuer may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Issuer.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the Crowd SAFE agreement, which is attached as Exhibit B.

There is no present market for the Securities and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the offering price or at any other price.

In the event of the dissolution or bankruptcy of the Issuer, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.

In the event of the dissolution or bankruptcy of the Issuer, the holders of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors and more senior security holders, including any holders of preferred stock, have been paid in full. No holders of any of the Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Issuer.

While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their subscription amount upon the occurrence of certain events, if the Issuer does not have sufficient cash on hand, this obligation may not be fulfilled.

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Issuer does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

BUSINESS

Description of the Business

The Issuer offers a closed-loop home rental platform that provides decentralized, global, long-term rental solutions for tenants and landlords. The Rentberry platform offers a transparent application process, a crowd sourced security deposit network, instant rent payments, e-signing of rental agreements and credit reports. The platform includes web, iOS and Android mobile apps operational in more than 40 countries.

The Issuer was incorporated in Delaware on August 28, 2015. Additionally, the Issuer is headquartered and qualified to conduct business in California. Most of the Issuer's employees work remotely. The Issuer sells its products and services through the internet throughout the United States and internationally.

The Issuer also conducts its business through two subsidiaries. Floorly, Inc., which is 99% owned by the Issuer, was incorporated in Delaware on January 13, 2020 with the intent of using the Rentberry platform for the commercial rental space. Happy Seniors, Inc., which is 100% owned by the Issuer, was incorporated in Delaware on February 25, 2020 with the intent of using the Rentberry platform for the senior living space.

Business Plan

The Issuer has developed an all-in-one home rental ecosystem, that offers a fully digital and contact-free rental experience for both tenants and landlords. The Rentberry platform offers a unique set of features that allows both parties to enjoy a safer, faster, and easier rental process. The Issuer automates all the standard rental tasks from submission of personal information, credit reports and custom offers to conducting virtual tours, negotiating rental terms, eSigning rental agreements and sending maintenance requests. The platform includes web, iOS and Android mobile apps operational in more than 40 countries. The Issuer has established user growth and has started to fully monetize its platform and functionality. The Issuer has partnered with over 50 leading real estate companies around the world and also has integrated third party service providers to the platform (such as, Sure Inc. that offers insurance products to the tenants and landlords). In 2020, the Issuer also successfully entered the Senior Housing space with its product called Happy Seniors.

In its next phase, the Issuer plans to develop a new type of mid-term residential rental market, under the brand "Flexible Living", and offer tenants flexibility in renting properties without security deposits and long-term lease commitment. As part of this plan, the Issuer intends to onboard properties throughout the United States, Europe and Asia to serve as mid-term rental properties (leasing of minimum three months and maximum one year) on the Rentberry platform. Rentberry plans to use a portion of the funds raised in this Offering to onboard such properties. The Issuer is highly likely to need to raise additional financing to accomplish its plans for onboarding and rebranding properties for the mid-term residential rental market. In the long run, the Issuer plans to become one of the largest owners of home rentals and at the same time sign contracts with high volume landlords and manage exclusively properties on their behalf (which will include standard branding concept combined with the mid-term rental cycle).

The Issuer plans to significantly expand its business by increasing sales and marketing, bolstering its operations and hiring new and retaining current employees. The capital we raise here will empower us to increase sales and marketing efforts and grow out our infrastructure as we continue to aggressively grow and expand our business.

The Issuer's Products and/or Services

Product / Service	Description	Current Market
Rentberry Platform	Allows for all the rental tasks to be done in one place. The platform offers patented transparent rental application and price negotiation technology. Rentberry automates all the standard rental tasks from submitting personal information, custom offers and attending virtual tours to eSigning rental agreements and sending maintenance requests. All data is stored in the cloud and can be accessed at anytime.	Aimed at the home rental market.

Happy Seniors Platform	A one-stop senior care facility management platform that allows staff to better plan, execute, and oversee the entire home from the cloud.	Aimed at the senior housing market.

Competition

The markets in which our products are sold are highly competitive. Our products compete against similar products of many large and small companies, including well-known global competitors.

There are no companies on the market that offer full automation of rental tasks, contactless rental experience and transparency during the rental process like Rentberry. All “rental platforms” out there are essentially “Classified” websites with limited functionality tailored just to the property’s discovery. Craigslist, Zillow, Cozy and Airbnb are well-known names in the market, but each has its own flaws. Craigslist, of course, still relies on a dated interface and its unstandardized approach causes users to seriously question its legitimacy and safety. Zillow is a little more modern than Craigslist, but it still doesn’t allow a seamless “last-mile” rental process, which makes renting from it frustratingly slow. Cozy is strictly a property management software with limited functionality. Finally, Airbnb, while being quite different from the other aforementioned competitors, doesn’t focus on long-term rentals, credit scores, or security deposits, among other issues.

Customer Base

2M+ monthly active users 9M+ daily live properties on the platform.

Supply Chain

Although the Issuer is dependent upon certain third party vendors, the Issuer has access to alternate service providers in the event its current third-party vendors are unable to provide services or any issues arise with its current vendors where a change is required to be made. The Issuer does not believe the loss of a current third-party vendor or service provider would cause a major disruption to its business, although it could cause short-term limitations or disruptions.

Intellectual Property

Patents

The Issuer holds the following patent:

Application or Registration #	Title	Description	File Date	Grant Date	Country
US2020/0273094	“Systems and methods for managing rental reservations with blockchain”	Patent	February 27, 2019	February 8, 2022	USA

Trademarks

The Issuer also owns more than 60 trademarks, both word and logo, in multiple countries.

All other intellectual property is in the form of trade secrets, business methods and know-how and is protected through intellectual assignment and confidentiality agreements with Issuer employees, advisors and consultants. In particular, the Company’s platform is dependent on our extensive intellectual property, which was years in development. We rely on more than 300,000 lines of code that our engineers wrote and transferred to the Company. We designed our platform to incorporate proprietary solutions that are crucial to the platform’s performance. Because of the architecture of our platform, key aspects of the platform’s performance remain invisible.

Governmental/Regulatory Approval and Compliance

The Issuer is subject to and affected by the laws and regulations of foreign, U.S. federal, state and local governmental authorities. These laws and regulations are subject to change.

Litigation

The Issuer is not subject to any current litigation or threatened litigation.

USE OF PROCEEDS

The following table illustrates how we intend to use the net proceeds received from this Offering. The values below are not inclusive of payments to financial and legal service providers, fees associated with bad actor checks, payment processing fees and escrow related fees, all of which were incurred in the preparation of this Offering and are due in advance of the closing of the Offering.

Use of Proceeds	% of Proceeds if Target Offering Amount Raised	Amount if Target Offering Amount Raised	% of Proceeds if Maximum Offering Amount Raised	Amount if Maximum Offering Amount Raised
Intermediary Fees	6%	\$3,000	6%	\$285,566
Operations (1)	35%	\$17,500	20%	\$951,884
Sales and Marketing (2)	24%	\$12,000	44%	\$2,094,146
Hiring (3)	35%	\$17,500	30%	\$1,427,826
Total	100%	\$50,000	100%	\$4,759,422

The Issuer has discretion to alter the use of proceeds set forth above to adhere to the Issuer's business plan and liquidity requirements. For example, economic conditions may alter the Issuer's general marketing or general working capital requirements.

Set forth below are reasonably specific descriptions of how we intend to use the net proceeds of this Offering for any category of at least ten percent (10%) in the table above so as to assist you in understanding how the offering proceeds will be used.

(1) We will use the proceeds for our operations, including payment for legal, tax and accounting services and subscriptions to various social media platforms, such as Google Maps and Amazon servers.

(2) We will use the proceeds for marketing and promotion of the Rentberry platform via social medial channels and for promotion of the Offering.

(3) These proceeds will be used to build out our infrastructure, including hiring additional employees to assist with engineering, marketing and business activities and provide salaries to current employees.

Oleksiy Lyubynskyy: Oleksiy is the Chief Executive Officer, Founder and Director of the Issuer. He has served as CEO since Rentberry was founded in August 2015. Oleksiy is responsible for defining the Issuer’s vision, overseeing business development and the capital raising process. Prior to joining Rentberry, Oleksiy co-founded CityHour, where he oversaw business development and investor relations. From May 2010 to December 2012, he was director of M&A at BIC Securities. In that position he was responsible for deal origination, performing due diligence and closing sell-side and buy-side M&A transactions. Oleksiy holds a B.A. degree in Economics and minor degree in Business Administration from University of California Berkeley.

Alex Svitiashchuk: Alex is the Chief Technology Officer and Director of the Issuer. He has served as CTO of the Issuer since November 2022, where he leads the engineering department and develops policies and procedures and use technology to enhance the Rentberry platform. Prior to becoming CTO, Alex was serving as a lead full-stack engineer at Rentberry since January 2020. Prior to joining Rentberry, Alex was a senior software developer at the Universal Commerce Group (January 2018 - January 2020). Alex holds a master's degree in Computer Science from the National Technical University of Ukraine.

Oleksandr Kotovskoy: Oleksandr is the Head of Design and a Director for the Issuer. Since Rentberry was founded, he has been responsible for creating the visual style of the product, user experience, managing design processes, and bringing design thinking to the Issuer. Prior to joining Rentberry, Oleksandr was a Senior UI/UX designer at Alty, creating interfaces for one of the largest banks in Europe, and various clients from the US. Oleksandr holds a master's degree in Information Systems Management from Ukrainian National Academy of Culture and Arts Management.

Oleksii Humeniuk: Oleksii has been the Chief Marketing Officer at the Issuer since March 2016, where he has been responsible for business development, product marketing, search engine optimization, and sales. From October 2014 to December 2015, Oleksii worked for EPOM as an SEO specialist. Prior to that, he worked for four years at Depositphotos, where he acted as Marketing Team Leader. At Depositphotos, Oleksii created and supervised international marketing campaigns and was responsible for launching the product in 9 countries. Oleksii holds a master's degree in Computer Science from the National Technical University of Ukraine.

Indemnification

Indemnification is authorized by the Issuer to directors, officers or controlling persons acting in their professional capacity pursuant to Delaware law. Indemnification includes expenses such as attorney's fees and, in certain circumstances, judgments, fines and settlement amounts actually paid or incurred in connection with actual or threatened actions, suits or proceedings involving such person, except in certain circumstances where a person is adjudged to be guilty of gross negligence or willful misconduct, unless a court of competent jurisdiction determines that such indemnification is fair and reasonable under the circumstances.

CAPITALIZATION, DEBT AND OWNERSHIP

Capitalization

The Issuer's authorized capital stock consists of 80,000,000 shares consisting of (i) 70,000,000 shares of common stock, par value \$0.0001 per share (the "**Common Stock**") and (ii) 10,000,000 shares of preferred stock, par value \$0.0001 per share (the "**Preferred Stock**"). As of the date of this Form C, 53,613,868 shares of Common Stock are issued and outstanding. The Issuer does not have any shares of Preferred Stock issued and outstanding.

Outstanding Capital Stock

As of the date of this Form C, the Issuer's outstanding capital stock consists of:

Type	Common Stock*
Amount Outstanding	53,613,868
Par Value Per Share	\$0.0001
Voting Rights	1 vote per share
Anti-Dilution Rights	None
How this security may limit, dilute or qualify the Security issued pursuant to Regulation CF	The Issuer may issue additional shares of Common Stock at a later date. The issuance of such additional shares of Common Stock would be dilutive, and could adversely affect the value of the Securities issued pursuant to Regulation CF.
Percentage ownership of the Issuer by the holders of such security (assuming conversion prior to the Offering if convertible securities).	100%

*Stockholders are subject to a Stockholders' Agreement and Voting Agreement.

Outstanding Options, SAFEs, Convertible Notes, Warrants

As of the date of this Form C, the Issuer has no outstanding options, SAFEs, Convertible Notes or Warrants.

Outstanding Debt

As of the date of this Form C, the Issuer has no outstanding debt.

Ownership

The Issuer has no beneficial owners (including individuals and entities) of twenty percent (20%) or more of the Issuer's outstanding voting equity securities, calculated on the basis of voting power, along with the amount they own, however, the Issuer and its stockholders are party to a Stockholders' Agreement which grants the CEO of the Company, Oleksiy Lyubynskyy, an irrevocable proxy to vote their securities in accordance with the Stockholders' Agreement for periods defined in the Stockholders' Agreement.

FINANCIAL INFORMATION

Please see the financial information listed on the cover page of this Form C and attached hereto in addition to the following information. Financial statements are attached hereto as Exhibit A.

Cash and Cash Equivalents

As of April 30, 2023, the Issuer had an aggregate of \$4,016,018 in cash and cash equivalents, leaving the Issuer with approximately 24 months of runway. Runway is calculated by dividing cash-on-hand by average monthly net loss (if any).

Liquidity and Capital Resources

The proceeds from the Offering are essential to our operations. We plan to use the proceeds as set forth above under the section titled “*Use of Proceeds*”, which is an indispensable element of our business strategy.

In addition to the Offering, the Issuer may concurrently undertake to raise up to an additional \$4,759,422 by offering to sell up to \$4,759,422 in securities, including but not limited to common or preferred stock, SAFEs (Simple Agreement for Future Equity) or Convertible Notes, to accredited investors outside of this Offering (the “Concurrent Offering”).

Capital Expenditures and Other Obligations

The Issuer does not intend to make any material capital expenditures in the near future.

Valuation

Although the Securities provide certain terms, which may include a valuation cap, the Intermediary has ascribed no pre-Offering valuation to the Issuer; the Securities are priced arbitrarily and the Issuer makes no representations as to the reasonableness of any specified valuation cap.

Trends and Uncertainties

After reviewing the above discussion of the steps the Issuer intends to take, potential Investors should consider whether achievement of each step within the estimated time frame will be realistic in their judgment. Potential Investors should also assess the consequences to the Issuer of any delays in taking these steps and whether the Issuer will need additional financing to accomplish them.

Please see the financial statements attached as Exhibit A for subsequent events and applicable disclosures.

Material Changes and Other Information

TRANSACTIONS WITH RELATED PERSONS AND CONFLICTS OF INTEREST

From time to time the Issuer may engage in transactions with related persons. Related persons are defined as any director or officer of the Issuer; any person who is the beneficial owner of twenty percent (20%) or more of the Issuer's outstanding voting equity securities, calculated on the basis of voting power; any promoter of the Issuer; any immediate family member of any of the foregoing persons or an entity controlled by any such person or persons. Additionally, the Issuer will disclose here any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, to which the issuer was or is to be a party and the amount involved exceeds five percent (5%) of the aggregate amount of capital raised by the issuer in reliance on section 4(a)(6), including the Target Offering Amount of this Offering, and the counter party is either (i) any director or officer of the issuer; (ii) any person who is, as of the most recent practicable date but no earlier than 120 days prior to the date the offering statement or report is filed, the beneficial owner of twenty percent (20%) or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power; (iii) if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or (iv) any member of the family of any of the foregoing persons, which includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships. The term *spousal equivalent* means a cohabitant occupying a relationship generally equivalent to that of a spouse.

The Issuer has conducted the following transactions with related persons:

- (a) On September 15, 2021, the Company loaned \$115,000 to Oleksiy Lyubynskyy for the purpose of relocation. The loan carries an annual interest rate of 0.1% and is repayable in full on December 31, 2025.

TAX MATTERS

EACH PROSPECTIVE INVESTOR SHOULD CONSULT WITH THEIR OWN TAX AND ERISA ADVISOR AS TO THE PARTICULAR CONSEQUENCES TO THE INVESTOR OF THE PURCHASE, OWNERSHIP AND SALE OF THE INVESTOR'S SECURITIES, AS WELL AS POSSIBLE CHANGES IN THE TAX LAWS.

TO ENSURE COMPLIANCE WITH THE REQUIREMENTS IMPOSED BY THE INTERNAL REVENUE SERVICE, WE INFORM YOU THAT ANY TAX STATEMENT IN THIS FORM C CONCERNING UNITED STATES FEDERAL TAXES IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED, BY ANY TAXPAYER FOR THE PURPOSE OF AVOIDING ANY TAX-RELATED PENALTIES UNDER THE UNITED STATES INTERNAL REVENUE CODE. ANY TAX STATEMENT HEREIN CONCERNING UNITED STATES FEDERAL TAXES WAS WRITTEN IN CONNECTION WITH THE MARKETING OR PROMOTION OF THE TRANSACTIONS OR MATTERS TO WHICH THE STATEMENT RELATES. EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Potential Investors who are not United States residents are urged to consult their tax advisors regarding the United States federal income tax implications of any investment in the Issuer, as well as the taxation of such investment by their country of residence. Furthermore, it should be anticipated that distributions from the Issuer to such foreign investors may be subject to United States withholding tax.

EACH POTENTIAL INVESTOR SHOULD CONSULT THEIR OWN TAX ADVISOR CONCERNING THE POSSIBLE IMPACT OF STATE TAXES.

LEGAL MATTERS

Any Investor should consult with its own counsel and advisors in evaluating an investment in the Offering and conduct independent due diligence.

Bad Actor Disclosure

The Issuer is not subject to any bad actor disqualifications under any relevant U.S. securities laws.

The Issuer is not subject to any matters that would have triggered disqualification but occurred prior to May 16, 2016.

Ongoing Reporting

Following the first sale of the Securities, the Issuer will file a report electronically with the Securities and Exchange Commission annually and post the report on its website, no later than 120 days after the end of the Issuer’s fiscal year.

Once posted, the annual report may be found on the Issuer’s website at <https://rentberry.com>.

The Issuer must continue to comply with the ongoing reporting requirements until:

- (1) the Issuer is required to file reports under Section 13(a) or Section 15(d) of the Exchange Act;
- (2) the Issuer has filed at least three annual reports pursuant to Regulation CF and has total assets that do not exceed \$10,000,000;
- (3) the Issuer has filed at least one annual report pursuant to Regulation CF and has fewer than 300 holders of record;
- (4) the Issuer or another party repurchases all of the Securities issued in reliance on Section 4(a)(6) of the Securities Act, including any payment in full of debt securities or any complete redemption of redeemable securities; or
- (5) the Issuer liquidates or dissolves its business in accordance with applicable state law.

Neither the Issuer nor any of its predecessors (if any) previously failed to comply with the ongoing reporting requirement of Regulation CF.

Financial Statements

RENTBERRY, INC.

Consolidated Financial Statements

For the years ended December 31, 2022 and 2021

IndigoSpire
CPAs & ADVISORS
INDEPENDENT AUDITOR'S REPORT

April 10, 2023

To: Board of Directors, RENTBERRY, INC.
Re: 2022 and 2021 Financial Statement Audit

We have audited the accompanying consolidated financial statements of RENTBERRY, INC. (the “Company”), which comprise the balance sheets as of December 31, 2022 and 2021, and the related consolidated statements of operations, shareholder equity, and cash flows for the calendar year periods ended December 31, 2022 and 2021, and the related notes to such financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of the Company’s financial statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations, shareholder equity and its cash flows for the calendar year periods thus ended in accordance with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has stated that substantial doubt exists about the Company's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in the Notes to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Sincerely,

RENTBERRY, INC.
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE PERIODS ENDED DECEMBER 31, 2022 and 2021
See Independent Auditor's Report and Notes to the Financial Statements

NOTE 1 – NATURE OF OPERATIONS

Rentberry Inc. was incorporated under the laws of the State of Delaware on August 28, 2015 and has offices in San Francisco, California, and the Ukraine. Rentberry, Inc. is a home rental platform offering decentralized, global, long term rental solutions for tenants and landlords. The platform offers a transparent application process, a crowd sourced security deposit network, instant rent payments, e-signing of rental agreements and credit reports. The Company is still in the testing phases and its activities are subject to significant risks and uncertainties, including the ability to secure additional funding to continue to develop the platforms that will attract users.

Floorly, Inc. was incorporated under the laws of the State of Delaware on January 13, 2020 with the intent of taking Rentberry, Inc.'s platform and applying it to commercial space.

Happy Seniors, Inc. was incorporated under the laws of the State of Delaware on February 25, 2020 with the intent of taking Rentberry, Inc.'s platform and applying it to senior living space.

Going Concern

These financial statements are prepared on a going concern basis. Since inception, the Company has relied on raising securities to fund its operations. As of December 31, 2022, the Company had an accumulated deficit and may incur additional losses prior to generating income. During the next twelve months, the Company intends to fund its operations with funds from revenue producing activities and from the issuance of convertible notes or equity. The Company's ability to continue is dependent upon management's plan to raise additional funds and achieve profitable operations. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying financial statements include all the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for the fair presentation of the unaudited financial statements for the years presented have been included.

The consolidated financial statements include the accounts of 1) Rentberry, Inc, 2) Floorly, Inc., and 3) Happy Seniors, Inc. (collectively, the "Company"). The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as determined by the

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). All significant intercompany balances and transactions have been eliminated in the accompanying consolidated financial statements.

Happy Seniors, Inc. are wholly owned subsidiaries of Rentberry, Inc. while Floorly, Inc. is majority owned at 99%.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Significant estimates inherent in the preparation of the accompanying financial statements include valuation of provision for refunds and chargebacks, equity transactions, contingencies and derivative and warrant liabilities.

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition, changes in consumer taste and other macroeconomic factors such as the ongoing COVID-19 pandemic and economic uncertainty. These adverse conditions could affect the Company's financial condition and the results of its operations.

Additionally, the Company has material operations located in Ukraine where current military actions are taking place. This poses additional risks to the Company's people and assets that are outside the Company's control.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investment with original maturities of three months or less at the time of purchase to be cash equivalents. Cash consists of funds held in the Company's checking account. As of December 31, 2022 and 2021, the Company had \$5,381,095 and \$2,577,803 of cash on hand, respectively.

Fixed Assets

Fixed assets are recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost

and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income. In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 350-40, Accounting for Costs of Computer Software Developed or Obtained for Internal Use, the Company has capitalized external direct costs of material and services developed or obtained for software development projects. Amortization for each software project begins when the computer software is ready for its intended use.

Depreciation is provided using the straight-line method, based on useful lives of the assets which range from five to seven years.

The Company reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors.

In 2022 and 2021, the Company acquired fixed assets totaling \$26,520 and \$465,000.

As of December 31, 2022 and 2021, the Company had a net book value of fixed assets of \$463,264 and \$457,548, respectively.

Intangible Assets

The Company applied for and received a patent in 2017 and has capitalized the cost associated with obtaining the patent. The cost of the patent is being amortized over its legal live which is 20 years on a straight-line basis.

The Company capitalizes the costs of acquiring trademarks and amortizes those costs over their legal life which is 10 years on a straight-line basis.

The Company capitalizes the costs to acquire domain names which are not being amortized.

Amortization expense for the years ended December 31, 2022 and 2021 was \$5,863 and \$9,626, respectively.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

Income Taxes

Income taxes are provided for the tax effects of transactions reporting in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of receivables, property and equipment, intangible assets, and accrued expenses for financial and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

There is a 100 percent valuation allowance against the net operating losses generated by the Company in fiscal year ending on December 31, 2022 and 2021.

The Company evaluates its tax positions that have been taken or are expected to be taken on income tax returns to determine if an accrual is necessary for uncertain tax positions. The Company will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if incurred.

Revenue Recognition

Sales Income - During 2019, the company adapted the provision of ASU 2014-09 Revenue from Contracts with Customers (“ASC 606”).

ASC 606 provides a five-step model for recognizing revenue from contracts:

1. Identify the contract with the customer
2. Identify the performance obligations within the contract
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognize revenue when (or as) the performance obligations are satisfied

The Company is currently recognizing revenue from applications and credit reports when booking a property on a transactional basis. The Company also generates revenue from partnering with other companies for leads and advertising revenue.

Accounts Receivable, Net

Trade receivables due from customers are uncollateralized customer obligations due under normal trade terms requiring payment within 30 days from the invoice date. Trade receivables are stated

at the amount billed to the customer. Payments of trade receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices.

The Company estimates an allowance for doubtful accounts based upon an evaluation of the current status of receivables, historical experience, and other factors as necessary. It is reasonably possible that the Company's estimate of the allowance for doubtful accounts will change.

In 2021, the Company wrote off \$892,185 of accounts receivable based on the collectability. In 2022, the Company did not have any additional, material write-offs of accounts receivable.

Advertising

The Company expenses advertising costs as they are incurred.

Recent Accounting Pronouncements

In February 2016, FASB issued ASU No. 2016-02, Leases, that requires organizations that lease assets, referred to as "lessees", to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than 12 months. ASU 2016-02 will also require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2020, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

In June 2018, FASB amended ASU No. 2018-07, Compensation – Stock Compensation, to expand the scope of Topic 718, Compensation – Stock Compensation, to include share-based payment transactions for acquiring goods and services from nonemployees. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

In August 2018, amendments to existing accounting guidance were issued through Accounting Standards Update 2018-15 to clarify the accounting for implementation costs for cloud computing arrangements. The amendments specify that existing guidance for capitalizing implementation costs incurred to develop or obtain internal-use software also applies to implementation costs incurred in a hosting arrangement that is a service contract. The guidance is effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections,

(iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 3 – INCOME TAX PROVISION

The Company intends to file its income tax return for the period ended December 31, 2021 by the due date set by the Internal Revenue Service. The return will remain subject to examination by the Internal Revenue Service under the statute of limitations for a period of three years from the date it is filed.

Since the passage of the Tax Cuts and Jobs Act of 2017 (“TJCA”), net operating losses can be carried forward indefinitely. Net operating loss carryforwards for state income tax purposes approximate those available for Federal income tax purposes.

There is a 100 percent valuation allowance against the net operating losses generated by the Company in fiscal year ending on December 31, 2022 and 2021.

NOTE 4 – STOCKHOLDERS’ EQUITY

As of December 31, 2021, the Company has authorized 70,000,000 shares of common stock (and an additional 10,000,000 shares of preferred stock), with a par value of \$0.0001 per share.

In 2021, the Company issued approximately 4 million shares of common stock in a securities offering exempt from registration under Regulation A in exchange for approximately \$3.4 million in cash, net of offering costs. In 2022, the Company issued additional shares of common stock totaling approximately \$7 million in cash, net of offering costs.

NOTE 5 – SAFES AND DEBT

Simple Agreements for Future Equity (“SAFE”) Instruments

In 2021, the Company issued an additional SAFEs in the amount of \$1,935,936 at a 20% discount rate and a pre-money valuation of \$15,000,000. Those SAFE agreements converted to shares of common stock in the Company on December 31, 2021.

Total SAFE agreements as of December 31, 2021 was \$0 subsequent to the conversions. No additional SAFE agreements were issued in 2022.

NOTE 6 – COMMITMENTS AND CONTINGENCIES

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company.

NOTE 7 – SUBSEQUENT EVENTS

Management's Evaluation

Management has evaluated subsequent events through April 10, 2023, the date the financial statements were available to be issued. Based on this evaluation, no additional material events were identified which require adjustment or disclosure in the financial statements.

EXHIBIT B

Form of Security

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

RENTBERRY, INC.

**Crowd SAFE
(Crowdfunding Simple Agreement for Future Equity)**

Series 2023

THIS CERTIFIES THAT in exchange for the payment by [Investor Name] (the “**Investor**”, and together with all other Series 2023 Crowd SAFE holders, “**Investors**”) of \$[] (the “**Purchase Amount**”) on or about [Date of Crowd SAFE], Rentberry, Inc., a Delaware corporation (the “**Issuer**”), hereby issues to the Investor the right to certain shares of the Issuer’s Capital Stock (defined below), subject to the terms set forth below.

The “**Discount**” is 20%.

The “**Valuation Cap**” is \$25,000,000 for each investor who invests during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$2,500,000.00 USD (“**Early Investors**”) and \$35,000,000 for each investor who invests during the second tranche of the Offering, which includes all subscriptions from \$2,500,000.01 USD to \$4,759,422 USD (“**Standard Investors**”).

See Section 2 for certain additional defined terms.

1. Events

(a) **Equity Financing.**

(i) If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b)-(d) (“**First Equity Financing**”), the Issuer shall promptly notify the Investor of the closing of the First Equity Financing and of the Issuer’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Purchase Amount to Capital Stock; or (2) issue to the Investor a

number of shares of the Capital Stock (whether Preferred Stock or another class issued by the Issuer) sold in the First Equity Financing. The number of shares of Capital Stock shall equal the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price for Early Investors or Standard Investors, as applicable (such applicable Conversion Price, the “**First Equity Financing Price**”).

(ii) If the Issuer elects to continue the term of this Crowd SAFE past the First Equity Financing and another Equity Financing occurs before the termination of this Crowd SAFE in accordance with Sections 1(b)-(d) (each, a “**Subsequent Equity Financing**”), the Issuer shall promptly notify the Investor of the closing of the Subsequent Equity Financing and of the Issuer’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Investor’s Purchase Amount to Capital Stock; or (2) issue to the Investor a number of shares of Capital Stock (whether Preferred Stock or another class issued by the Issuer) sold in the Subsequent Equity Financing. The number of shares of such Capital Stock shall equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the First Equity Financing Price for Early Investors or Standard Investors, as applicable.

(b) **Liquidity Event.**

(i) If there is a Liquidity Event before the termination of this instrument and before any Equity Financing, the Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Issuer a number of shares of Common Stock equal to the Purchase Amount (or a lesser amount as described below) divided by the Liquidity Price.

(ii) If there is a Liquidity Event before the termination of this instrument but after one or more Equity Financings have occurred, each Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Issuer a number of shares of the most recent issued Capital Stock (whether Preferred Stock or another class issued by the Issuer) equal to the Purchase Amount divided by the First Equity Financing Price. Shares of Capital Stock granted in connection therewith shall have the same liquidation rights and preferences as the shares of Capital Stock issued in connection with the Issuer’s most recent Equity Financing.

(iii) If there are not enough funds to pay the Investor and holders of other Crowd SAFEs (collectively, the “**Cash-Out Investors**”) in full, then all of the Issuer’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts. In connection with this Section 1(b), the Purchase Amount (or a lesser amount as described below) will be due and payable by the Issuer to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event.

Notwithstanding Section 1(b)(i)(2) or Section 1(b)(ii)(2), if the Issuer’s board of directors determines in good faith that delivery of Capital Stock to the Investor pursuant to Section 1(b)(i)(2) or Section 1(b)(ii)(2) would violate applicable law, rule or regulation, then the Issuer shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such Capital Stock, as determined in good faith by the Issuer’s board of directors.

(c) **Dissolution Event.** If there is a Dissolution Event (defined below) before this instrument terminates in accordance with Section 1(a) or Section 1(b), subject to the preferences applicable to any series of Preferred Stock, the Issuer will distribute its entire assets legally available for distribution with equal priority among the (i) Investors (on an as converted basis based on a valuation of Common Stock as determined in good faith by the Issuer’s board of directors at the time of the Dissolution Event), (ii) all

other holders of instruments sharing in the assets of the Issuer at the same priority as holders of Common Stock upon a Dissolution Event and (iii) and all holders of Common Stock.

(d) **Termination.** This instrument will terminate (without relieving the Issuer or the Investor of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of Capital Stock to the Investor pursuant to Section 1(a) or Section 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Section 1(b) or Section 1(c).

2. *Definitions*

“Capital Stock” means the capital stock of the Issuer, including, without limitation, Common Stock and Preferred Stock.

“Change of Control” means (i) a transaction or series of related transactions in which any “person” or “group” (within the meaning of Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), becomes the “beneficial owner” (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of more than 50% of the outstanding voting securities of the Issuer having the right to vote for the election of members of the Issuer’s board of directors, (ii) any reorganization, merger or consolidation of the Issuer, other than a transaction or series of related transactions in which the holders of the voting securities of the Issuer outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of the Issuer or such other surviving or resulting entity or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Issuer.

“Common Stock” means common stock, par value \$0.0001 per share, of the Issuer.

“Conversion Price” means either: (i) the SAFE Price or (ii) the Discount Price, whichever calculation results in a greater number of shares of Capital Stock.

“Discount Price” means the product of (i) the price per share of Capital Stock sold in an Equity Financing and (ii) 100% less the Discount.

“Dissolution Event” means (i) a voluntary termination of operations, (ii) a general assignment for the benefit of the Issuer’s creditors, (iii) the commencement of a case (whether voluntary or involuntary) seeking relief under Title 11 of the United States Code (the “Bankruptcy Code”), or (iv) any other liquidation, dissolution or winding up of the Issuer (excluding a Liquidity Event), whether voluntary or involuntary.

“Equity Financing” shall mean the next sale (or series of related sales) by the Issuer of its Capital Stock to one or more third parties following the date of this instrument from which the Issuer receives gross proceeds of not less than \$1,000,000 cash or cash equivalent (excluding the conversion of any instruments convertible into or exercisable or exchangeable for Capital Stock, such as SAFEs or convertible promissory notes) with the principal purpose of raising capital.

“Equity Securities” shall mean Common Stock or Preferred Stock or any securities convertible into, exchangeable for or conferring the right to purchase (with or without additional consideration) Common Stock or Preferred Stock, except in each case, (i) any security granted, issued and/or sold by the Issuer to any director, officer, employee, advisor or consultant of the Issuer in such capacity for the primary

purpose of soliciting or retaining his, her or its services, (ii) any convertible promissory notes issued by the Issuer, and (iii) any SAFEs issued.

“First Equity Financing Price” shall mean (x) if the pre-money valuation of the Issuer immediately prior to the First Equity Financing is less than or equal to the Valuation Cap for Early Investors or Standard Investors, as applicable to Investor, the lowest price per share of the Equity Securities sold in the First Equity Financing or (y) if the pre-money valuation of the Issuer immediately prior to the First Equity Financing is greater than the Valuation Cap for Early Investors or Standard Investors, as applicable to Investor, the SAFE Price.

“Fully Diluted Capitalization” shall mean the aggregate number, as of immediately prior to the First Equity Financing, of issued and outstanding shares of Capital Stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible Preferred Stock and all outstanding vested or unvested options or warrants to purchase Capital Stock, but excluding (i) the issuance of all shares of Capital Stock reserved and available for future issuance under any of the Issuer’s existing equity incentive plans, (ii) convertible promissory notes issued by the Issuer, (iii) any SAFEs, and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.

“Intermediary” means OpenDeal Portal LLC, a registered securities crowdfunding portal CRD#283874, or a qualified successor.

“IPO” means: (A) the completion of an underwritten initial public offering of Capital Stock by the Issuer pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Capital Stock by the Issuer to the public, which in each case results in such equity securities being listed and posted for trading or quoted on a recognized exchange; (B) the Issuer’s initial listing of its Capital Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers shares of existing capital stock of the Issuer for resale, as approved by the Issuer’s board of directors, where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Capital Stock of the Issuer.

“Liquidity Capitalization” means the number, as of immediately prior to the Liquidity Event, of shares of the Issuer’s capital stock (on an as-converted basis) outstanding, assuming exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (i) shares of Capital Stock reserved and available for future grant under any equity incentive or similar plan; (ii) any SAFEs; (iii) convertible promissory notes; and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.

“Liquidity Event” means a Change of Control or an IPO.

“Liquidity Price” means the price per share equal to (x) the Valuation Cap divided by (y) the Liquidity Capitalization.

“**Lock-up Period**” means the period commencing on the date of the final prospectus relating to the Issuer’s IPO, and ending on the date specified by the Issuer and the managing underwriter(s). Such period shall not exceed one hundred eighty (180) days, or such other period as may be requested by the Issuer or an underwriter to accommodate regulatory restrictions on (i) the publication or other distribution of research reports, and (ii) analyst recommendations and opinions.

“**Preferred Stock**” means the preferred stock of the Issuer.

“**Regulation CF**” means Regulation Crowdfunding promulgated under the Securities Act.

“**SAFE**” means any simple agreement for future equity (or other similar agreement), including a Crowd SAFE, which is issued by the Issuer for bona fide financing purposes and which may convert into Capital Stock in accordance with its terms.

“**SAFE Price**” means the price per share equal to (x) the Valuation Cap divided by (y) the Fully Diluted Capitalization.

3. Issuer Representations

(a) The Issuer is a corporation duly incorporated, validly existing and in good standing under the laws of the state of its incorporation, and has the power and authority to own, lease and operate its properties and carry on its business as now conducted.

(b) The execution, delivery and performance by the Issuer of this instrument is within the power of the Issuer and, other than with respect to the actions to be taken when equity is to be issued to Investor, has been duly authorized by all necessary actions on the part of the Issuer. This instrument constitutes a legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors’ rights generally and general principles of equity. To the knowledge of the Issuer, it is not in violation of (i) its current charter or bylaws; (ii) any material statute, rule or regulation applicable to the Issuer; or (iii) any material indenture or contract to which the Issuer is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Issuer.

(c) The performance and consummation of the transactions contemplated by this instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Issuer; (ii) result in the acceleration of any material indenture or contract to which the Issuer is a party or by which it is bound; or (iii) result in the creation or imposition of any lien upon any property, asset or revenue of the Issuer or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Issuer, its business or operations.

(d) No consents or approvals are required in connection with the performance of this instrument, other than: (i) the Issuer’s corporate approvals; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of shares of Capital Stock issuable pursuant to Section 1.

(e) The Issuer shall, prior to the conversion of this instrument, reserve from its authorized but unissued shares of Capital Stock for issuance and delivery upon the conversion of this instrument, such number of shares of the Capital Stock as necessary to effect the conversion contemplated by this instrument, and, from time to time, will take all steps necessary to amend its charter to provide sufficient authorized numbers of shares of the Capital Stock issuable upon the conversion of this instrument. All such shares shall be duly authorized, and when issued upon any such conversion, shall be validly issued, fully paid and non-assessable, free and clear of all liens, security interests, charges and other encumbrances or

restrictions on sale and free and clear of all preemptive rights, except encumbrances or restrictions arising under federal or state securities laws.

(f) The Issuer is (i) not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act, (ii) not an investment company as defined in Section 3 of the Investment Company Act of 1940 (the “**Investment Company Act**”), and is not excluded from the definition of investment company by Section 3(b) or Section 3(c) of the Investment Company Act, (iii) not disqualified from selling securities under Rule 503(a) of Regulation CF, (iv) not barred from selling securities under Section 4(a)(6) of the Securities Act due to a failure to make timely annual report filings, (v) not planning to engage in a merger or acquisition with an unidentified company or companies, and (vi) organized under, and subject to, the laws of a state or territory of the United States or the District of Columbia.

(g) The Issuer has, or will shortly after the issuance of this instrument, engage a transfer agent registered with the U.S. Securities and Exchange Commission to act as the sole registrar and transfer agent for the Issuer with respect to the Crowd SAFE.

4. *Investor Representations*

(a) The Investor has full legal capacity, power and authority to execute and deliver this instrument and to perform its obligations hereunder. This instrument constitutes a valid and binding obligation of the Investor, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors’ rights generally and general principles of equity.

(b) The Investor has been advised that this instrument and the underlying securities have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section 4(a)(6) of the Securities Act. The Investor understands that neither this instrument nor the underlying securities may be resold or otherwise transferred unless they are registered under the Securities Act and applicable state securities laws or pursuant to Rule 501 of Regulation CF, in which case certain state transfer restrictions may apply.

(c) The Investor is purchasing this instrument and the securities to be acquired by the Investor hereunder for its own account for investment, not as a nominee or agent, and not with a view to, or for resale in connection with, the distribution thereof, and the Investor has no present intention of selling, granting any participation in, or otherwise distributing the same. The Investor understands that the Securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of each Investor’s representations as expressed herein.

(d) The Investor acknowledges, and is purchasing this instrument in compliance with, the investment limitations set forth in Rule 100(a)(2) of Regulation CF, promulgated under Section 4(a)(6)(B) of the Securities Act.

(e) The Investor acknowledges that the Investor has received all the information the Investor has requested from the Issuer and the Investor considers necessary or appropriate for deciding whether to acquire this instrument and the underlying securities, and the Investor represents that the Investor has had an opportunity to ask questions and receive answers from the Issuer regarding the terms and conditions of this instrument and the underlying securities and to obtain any additional information necessary to verify the accuracy of the information given to the Investor. In deciding to subscribe to this instrument, the Investor is not relying on the advice or recommendations of the Issuer or of the Intermediary and the

Investor has made its own independent decision that an investment in this instrument and the underlying securities is suitable and appropriate for the Investor. The Investor understands that no federal or state agency has passed upon the merits or risks of an investment in this instrument and the underlying securities or made any finding or determination concerning the fairness or advisability of this investment.

(f) The Investor understands and acknowledges that as a Crowd SAFE investor, the Investor shall have no voting, information or inspection rights, aside from any disclosure requirements the Issuer is required to make under relevant securities regulations.

(g) The Investor understands that no public market now exists for any of the securities issued by the Issuer, and that the Issuer has made no assurances that a public market will ever exist for this instrument and the securities to be acquired by the Investor hereunder.

(h) The Investor is not (i) a citizen or resident of a geographic area in which the subscription of or holding of the Crowd SAFE and the underlying securities is prohibited by applicable law, decree, regulation, treaty, or administrative act, (ii) a citizen or resident of, or located in, a geographic area that is subject to U.S. or other applicable sanctions or embargoes, or (iii) an individual, or an individual employed by or associated with an entity, identified on the U.S. Department of Commerce's Denied Persons or Entity List, the U.S. Department of Treasury's Specially Designated Nationals List, the U.S. Department of State's Debarred Parties List or other applicable sanctions lists. Investor hereby represents and agrees that if Investor's country of residence or other circumstances change such that the above representations are no longer accurate, Investor will immediately notify Issuer. Investor further represents and warrants that it will not knowingly sell or otherwise transfer any interest in the Crowd SAFE or the underlying securities to a party subject to U.S. or other applicable sanctions.

(i) If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation, subscription and payment for, and continued ownership of, its beneficial interest in the Crowd SAFE and the underlying securities will not violate any applicable securities or other laws of the Investor's jurisdiction, including (i) the legal requirements within its jurisdiction for the subscription of its beneficial interest in the Crowd SAFE; (ii) any foreign exchange restrictions applicable to such subscription; (iii) any governmental or other consents that may need to be obtained; and (iv) the income tax and other tax consequences, if any, that may be relevant to the subscription, holding, conversion, redemption, sale, or transfer of its beneficial interest in the Crowd SAFE and the underlying securities. The Investor acknowledges that the Issuer has taken no action in foreign jurisdictions with respect to the Crowd SAFE (and the Investor's beneficial interest therein) and the underlying securities.

(j) If the Investor is a corporate entity: (i) such corporate entity is duly incorporated, validly existing and in good standing under the laws of the state of its incorporation, and has the power and authority to enter into this Crowd SAFE; (ii) the execution, delivery and performance by the Investor of the Crowd SAFE is within the power of the Investor and has been duly authorized by all necessary actions on the part of the Investor; (iii) to the knowledge of the Investor, it is not in violation of its current charter or bylaws, any material statute, rule or regulation applicable to the Investor; and (iv) the performance of this Crowd SAFE does not and will not violate any material judgment, statute, rule or regulation applicable to the Investor; result in the acceleration of any material indenture or contract to which the Investor is a party or by which it is bound, or otherwise result in the creation or imposition of any lien upon the Purchase Amount.

(k) The Investor further acknowledges that it has read, understood, and had ample opportunity to ask the Issuer questions about its business plans, “Risk Factors,” and all other information presented in the Issuer’s Form C and the offering documentation filed with the SEC.

(l) The Investor represents that the Investor understands the substantial likelihood that the Investor will suffer a **TOTAL LOSS** of all capital invested, and that Investor is prepared to bear the risk of such total loss.

5. Transfer Restrictions.

(a) The Investor hereby agrees that during the Lock-up Period it will not, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock (whether such shares or any such securities are then owned by the Investor or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any shares to any trust for the direct or indirect benefit of the Investor or the immediate family of the Investor, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to the Investor only if all officers and directors of the Issuer are subject to the same restrictions and the Issuer uses commercially reasonable efforts to obtain a similar agreement from all stockholders individually owning more than 5% of the outstanding Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. The Investor further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Issuer may impose stop transfer instructions with respect to the Investor’s registrable securities of the Issuer (and the Issuer shares or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. The Investor agrees that a legend reading substantially as follows will be placed on all certificates representing all of the Investor’s registrable securities of the Issuer (and the shares or securities of the Issuer held by every other person subject to the restriction contained in Section 5(a)):

THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE COMPANY’S REGISTRATION STATEMENT FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN THE COMPANY AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT THE COMPANY’S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) Without in any way limiting the representations and warranties set forth in Section 4 above, the Investor further agrees not to make any disposition of all or any portion of this instrument or the underlying securities unless and until the transferee has agreed in writing for the benefit of the Issuer to make the representations and warranties set out in Section 4 and the undertaking set out in Section 5(a) and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The Investor shall have notified the Issuer of the proposed disposition and shall have furnished the Issuer with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Issuer, the Investor shall have furnished the Issuer with an opinion of counsel reasonably satisfactory to the Issuer that such disposition will not require registration of such shares under the Securities Act.

(e) The Investor agrees that it shall not make any disposition of this instrument or any underlying securities to any of the Issuer's competitors, as determined by the Issuer in good faith.

(f) If the Investor intends to transfer the Crowd SAFE ("**Transfer**") in accordance with this Section 5, the investor accepting transfer ("**Transferee**") must pass and continue to comply with the Nominee's (as defined in Exhibit A) (and any applicable affiliate's) know your customer ("**KYC**") and anti-money laundering ("**AML**") policies and execute Exhibit A contemporaneously and in connection with the Transfer. The Investor understands that the Transferee's failure to pass the requisite KYC and AML procedures or to execute Exhibit A contemporaneously with the Transfer will render the Transfer void, null, unenforceable, and the Transferee will be unable to redeem their security.

(g) The Investor understands and agrees that the Issuer will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Crowd SAFE and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Issuer's charter or bylaws, any other agreement between the Investor and the Issuer or any agreement between the Investor and any third party:

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

6. Miscellaneous

(a) The Investor agrees to execute the Nominee Rider and Waiver, attached hereto as Exhibit A contemporaneously and in connection with the subscription of this Crowd SAFE. The Investor agrees and understands that the Investor's failure to execute Exhibit A contemporaneously with this Crowd SAFE will render the Crowd SAFE void, null and unenforceable.

(b) The Investor agrees to take any and all actions determined in good faith by the Issuer's board of directors to be advisable to reorganize this instrument and any shares of Capital Stock issued pursuant to the terms of this instrument into a special purpose vehicle or other entity designed to aggregate the interests of holders of Crowd SAFEs.

(c) Any provision of this instrument may be amended, waived or modified only upon the written consent of either (i) the Issuer and the Investor, or (ii) the Issuer and the majority of the Investors (calculated based on the Purchase Amount of each Investors Crowd SAFE).

(d) Any notice required or permitted by this instrument will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(e) The Investor is not entitled, as a holder of this instrument, to vote or receive dividends or be deemed the holder of Capital Stock for any purpose, nor will anything contained herein be construed to confer on the Investor, as such, any of the rights of a stockholder of the Issuer or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise until shares have been issued upon the terms described herein.

(f) Neither this instrument nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other; *provided, however*, that this instrument and/or the rights contained herein may be assigned without the Issuer's consent by the Investor to any other entity who directly or indirectly, controls, is controlled by or is under common control with the Investor, including, without limitation, any general partner, managing member, officer or director of the Investor, or any venture capital fund now or hereafter existing which is controlled by one or more general partners or managing members of, or shares the same management company with, the Investor; and *provided, further*, that the Issuer may assign this instrument in whole, without the consent of the Investor, in connection with a reincorporation to change the Issuer's domicile.

(g) In the event any one or more of the terms or provisions of this instrument is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this instrument operate or would prospectively operate to invalidate this instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this instrument and the remaining terms and provisions of this instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

(h) All securities issued under this instrument may be issued in whole or fractional parts, in the Issuer's sole discretion.

(i) All rights and obligations hereunder will be governed by the laws of the State of Delaware, without regard to the conflicts of law provisions of such jurisdiction.

(j) Any dispute, controversy or claim arising out of, relating to or in connection with this instrument, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and Mediation Procedures ("**Commercial Rules**"). The award rendered by the arbitrator shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be San Francisco, California. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

(k) The parties acknowledge and agree that for United States federal and state income tax purposes this Crowd SAFE is, and at all times has been, intended to be characterized as stock, and more particularly as common stock for purposes of Sections 304, 305, 306, 354, 368, 1036 and 1202 of the Internal Revenue Code of 1986, as amended. Accordingly, the parties agree to treat this Crowd SAFE consistent with the foregoing intent for all United States federal and state income tax purposes (including, without limitation, on their respective tax returns or other informational statements).

(l) The Investor agrees any action contemplated by this Crowd SAFE and requested by the Issuer must be completed by the Investor within thirty (30) calendar days of receipt of the relevant notice (whether actual or constructive) to the Investor.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be duly executed and delivered.

Nominee Rider and Waiver

Republic Investment Services LLC (f/k/a NextSeed Services, LLC) (the “**Nominee**”) is hereby appointed to act on behalf of the Investor as agent and proxy in all respects under the Crowd SAFE Series 2023 issued by Rentberry, Inc. (the “**Security**”). The Nominee shall receive all notices and communications on behalf of the Investor, and cause the Security, or any securities which may be acquired upon conversion thereof (the “**Conversion Securities**”) to be custodied with a qualified custodian of the Nominee’s sole discretion (“**Custodial Conversion**”). The Nominee is authorized and empowered to undertake Custodial Conversion at any point after issuance of the Securities. To the extent the Investor is entitled to vote at any meeting or take action by consent, Nominee is authorized and empowered to vote and act on behalf of the Investor in all respects thereto (without prior or subsequent notice to the Investor) until the expiry of the Term (as defined below) (collectively the “**Nominee Services**”). Defined terms used in this Nominee Rider are controlled by the Security unless otherwise defined.

Nominee shall vote all such Securities and Conversion Securities consistently at the direction of the Chief Executive Officer of Rentberry, Inc. (the “**Nominee Designee**”). Notwithstanding the foregoing, the Nominee Designee shall not have any discretion whatsoever over the selection of a duly qualified custodian. Neither Nominee nor any of its affiliates nor any of their respective officers, partners, equity holders, managers, officers, directors, employees, agents or representatives shall be liable to Investor for any action taken or omitted to be taken by it hereunder, or in connection herewith or therewith, except for damages caused by its or their own recklessness or willful misconduct.

Notwithstanding the foregoing, the Nominee shall not vote or elect to amend or otherwise sell, assign, or hypothecate the beneficial interest in the Security to a third-party at the direction of the Nominee Designee; in all cases the Issuer or the Nominee on the Issuer’s behalf must seek instructions from the Investor in accordance with the terms thereof.

Upon any conversion of the Securities into Conversion Securities of the Issuer, in accordance with the terms of the Securities, Nominee will execute and deliver to the Issuer all transaction documents related to such transaction or other corporate event causing the conversion of the Securities in accordance therewith; *provided*, that such transaction documents are the same documents to be entered into by all holders of other Securities of the same class issued by the Issuer that will convert in connection with the equity financing or corporate event and being the same as the subscribers in the equity financing or corporate transaction. The Investor acknowledges and agrees, as part of the process, the Nominee may open an account in the name of the Investor with a qualified custodian and allow the qualified custodian to take custody of the Conversion Securities in exchange for a corresponding beneficial interest held by the Investor. Upon any such conversion or changing of title, Nominee will take reasonable steps to send notice to the Investor, including by e-mail, using the last known contact information of such Investor.

The “**Term**” the Nominee Services will be provided will be the earlier of the time which the Securities or any Conversion Securities are (i) terminated, (ii) registered under the Exchange Act, or (iii) the time which the Nominee, the Investor and the Issuer mutually agree to terminate the Nominee Services.

To the extent you provide the Issuer with any personally identifiable information (“**PII**”) in connection with your election to invest in the Securities, the Issuer and its affiliates may share such information with the Nominee, the Intermediary, and the appointed transfer agent for the Securities solely for the purposes of facilitating the offering of the Securities and for each party to provide services with respect to the ownership and administration of the Securities. Investor irrevocably consents to such uses of Investor’s PII for these purposes during the Term and Investor acknowledges that the use of such PII is necessary for the Nominee to provide the Nominee Services.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be duly executed and delivered.

Video Transcripts

Rentberry, Inc. Republic Video Transcript #1

Oleksiy Lubinsky (CEO):

My name is Oleksiy Lubinsky, and I am the CEO and co-founder of Rentberry. We started the company more than three years ago with the idea to build an absolutely closed-loop rental platform where all of the rental tasks can be done on one place. Since then, we developed a product that has more than 9 million daily properties and is being used by more than 2 million people monthly. We are featured in the top media, named one of the best real estate companies by Forbes, and raised more than 25 million from the high profile investors, including VC funds.

Steve Burton (investor):

So as more and more people lean towards rent, it makes sense that you need a better engine for managing that. A lot of the people that we find in the urban areas that are becoming renters are of the age and lifestyle and backgrounds such that they prefer web-related apps. So to be able to do that as a viable thing that I thought was very good for investing.

Oleksiy Lubinsky (CEO):

Today, I want to introduce you to the new chapter in Rentberry's life. As you know, we became one of the most advanced home rental platforms and the only company that automated all the rental tasks. As a next step, we plan to acquire a profitable real estate company that generates 4 million in revenue and almost 2 million in net income. This acquisition has enormous synergy, will dramatically boost our business, and will put us on the track to generate more than 10 million in combined revenue during the next 12 months. Moreover, it will help us bring one golden standard to the home rental industry that no matter where you travel, you get the same quality home and same level of service.

Gary Macbeth (Investor):

Why did we invest in Rentberry. We look for scalable, innovative, and ideally disruptive solutions with the global market potential. We look for a leadership team who are smart, driven, and open-minded individuals with a good sense of humor. Ideally, we like to find companies who are on the cusp of establishing monetization. So Rentberry checked all those boxes and more for us. So, yeah, we're happy to invest and happy to be part of the team.

Oleksiy Lubinsky (CEO):

We now operate in more than 50 countries, patented our core technology and quadrupled monthly active user base. We also have 30 dedicated people working full-time in our office, which is around 2000 square feet.

Alex Kotovskov (Head of Design):

From day one, our goal was to build the most user-friendly product in the real estate space and we succeeded. Today, the Rentberry platform includes an awesome web version, iOS and Android apps. Even though we have a very advanced product in terms of features and technology, our design team pushes really hard to make it as easy to use as possible. One of the main tasks for us is to maintain consistency and bring a top-notch user experience across all the countries since we are now operating on the global scale.

Oleksiy Lubinsky (CEO):

We hope that you will become part of our global home rental platform. Join us and let's make it happen together.

Rentberry, Inc. Republic Video Transcript #2

I came across Rentberry when I was looking for my last apartment, and it was love at first sight.

Really happy when a friend of mine suggested Rentberry.

When I found out about Rentberry, I completely fell in love with the platform.

They had this innovative idea of flexible living, which was basically the leasing of furnished properties owned and managed by Rentberry, without a security deposit for a fixed midterm duration of three months to a year. The beautiful part about it is, as a digital nomad, I'll be able to work and stay midterm in various cities without having to deal with the hassle of hotels and Airbnbs that could get insanely expensive if I decide to stay longer.

Instead of searching for apartments for two weeks, I was able to visit some virtual open houses. Find an apartment I liked, I submitted my application online. I did my lease agreement online. Literally, I did everything from the comfort of my own home.

One of the coolest things about this platform is your ability to negotiate your rental terms. For example, using this process in my last apartment, I didn't have to pay a security deposit.

One of the great things about the Rentberry platform, as a homeowner, I can do all the rental tasks by myself, which means I don't have to hire real estate agents or brokers, and I save thousands of dollars. Now, they're all combined in one platform, and for me, this is a complete game changer. By using Rentberry, the homeowner saves time and money.

The concept of flexible living is novel and groundbreaking, and Rentberry is one step ahead of the rest.

For me, the best part is that my profile travels with me wherever I go, so the next landlord can see how great of a tenant I am.

Finally, someone is disrupting the industry and taking the apartment rental process out of the Stone Age.

Hi, my name is Gary MacBeth, a managing partner with 808 Ventures. We're a boutique venture capital firm with presence in Silicon Valley, London, and Perth, Australia. Why did we invest in Rentberry? We look for scalable, innovative, and ideally disruptive solutions with a global market potential. We look for a leadership team who are smart, driven, and open-minded individuals with a good sense of humor. And ideally, we like to find companies who are on the cusp of establishing monetization. So Rentberry checked all those boxes and more for us, so yeah, we're happy to invest and happy to be part of the team. Thanks.

Hi, I'm Steve Burton. I'm the manager of Beechwood Ventures, and I invested in Rentberry because of two primary reasons. One, I spent a good part of my youth watching my father investing and managing real estate properties, and I understand the challenges around that. And also I'm a current renter, and that's the lifestyle that my wife and I have selected, because living in the urban areas, and we live in downtown Chicago, more and more people are electing rental versus ownership because of the investment differences. By the time you add your condo fees, and your property management fees, they're frequently higher than rents are. So you can take the monies that you would be saving in your monthly mortgage and invest that at a higher return than you might get in your rental properties. So as more and more people lean towards rent, it makes sense that you need a better engine for managing that. And a lot of the people that we find in the urban areas that are becoming renters are of the age, and lifestyle and background such that they prefer web related apps. And so to be able to do that as a viable thing that I thought was very good for investing. So I hope you'll consider that in your investment possibilities in Rentberry.

Hi, I'm Trevor Bond. I'm the principal of Maidstone Investment Company in New Jersey. I'm also the co-chair of the Screening Committee for the Harvard Business School Alumni Angels of Greater New York. When I first saw Rentberry, I mistakenly thought that it was just another search engine in the apartment rental space. But as I dug deeper and met the team, learned about the platform, I saw that it was much, much more. As a tenant in recent years in a rental apartment as well as a landlord in several apartments that I have in the city, I have experienced firsthand some of the problems that Rentberry can address. Mostly, these relate to a lot of manual processes, a lot of paperwork and repetition, conflicts of interest amongst brokers who charge a lot and do very little. The Rentberry platform's quite unique. It's a great user experience that helps the problems of both tenants and landlords, and I think it has a very promising future so I'm very excited to be an investor.

So it's likely that you may be somebody recently moved here. And you know how difficult it can be to find an apartment, a condo, a house to rent. That's something that people tend to talk about when they move to the Tampa Bay area. So 10 News reporter, Jenny Dean, discovered a new website that's taking advantage of the competition. This is letting you bid on rent. So walk us through this thing, Jenny. How's it work?

Well, it's called Rentberry. And this started in some major cities about six months ago, it has finally hit our area. And once you're on the website, you search for the city where you want to rent. You'll find a property, and then there's a suggested monthly rent. Now you can bid though on what you think you should be paying. Realtor Mike Rivera has been a property manager in this area for 17 years. He says this site can be a good thing, especially in areas where rentals are limited, like South Tampa.

And it's a feast or famine kind of a thing. So it may allow someone to go in there, find a property, and actually bid a little bit more for it in order to get a property like that.

Plus, it's eBay for apartment shopping, allowing you to set your own price.

It is changing how you lease. All new tonight, a different way to find an apartment. It's essentially like eBay, but it's for renters. It is called Rentberry. The site allows you to bid on rents and security deposits. It can benefit renters and landlords. In hot markets, landlords get bids for more than asking price. But in slower markets, renters can score a deal. Rentberry is available in more than a 1,000 cities, including right here in Phoenix.

Love it. A unique and controversial way to rent apartments has just gotten a big boost in Capital.

Seven on your sites. Michael Finney takes a look at what Rentberry might mean to the heart of the rental market here.

Well, rents are so cheap here.

Oh, yeah, sure.

They're not cheap. And that's why this is going to work. You don't have to be a renter to know how expensive it is to rent an apartment in the Bay Area, to even get an apartment that you can overpay for. Alex Lubinsky wants to change the way tenants find rentals. In the tech world, it's known as being a disruptor.

People can, based on the supply and demand, they can submit customizable offers.

Tenants using Rentberry bid for the apartments they want. Some have likened that to eBay. The apartments of Rentberry don't always go to the highest bidder. They may go to the tenant who can best prove he or she is both a good credit risk and a good tenant. Rentberry is in 3,600 cities in the US, and has more than 100,000 users. It just received \$2.8 million in funding, more than tripling its capital raised.

We provide flexibility and we provide transparency.

Now, Mike, how does this thing work?

Liz, it's like an eBay auction if you know how that works. And we are in the Mission, which is epicenter of what some are calling the worst housing crisis in this area since the Great Depression. On the other hand, you have middle class families that are buying real estate and they want to make a good living. What's the average two bedroom in San Francisco look like?

It's probably much nicer than the average place, but it's close to the average rent. Two bedrooms now going for about 4,800 a month. Landlord, Gail Sabin could charge a bit more for this Glen Park Beauty and she'd probably get it easily.

And just like with buying in the city, people offer more.

But now it's a blind bid. You don't know what other people are bidding. The website Rentberry wants to change that by making it all public. On Alex Lewinsky's site, Rentberry, you bid and see other bids too. They only charge when someone rents a place. They charge the renter \$25. That's it. No other fees.

But I think the biggest help it would be to a landlord is to hand off something to a third party of things that they don't want to do themselves.

Potentially could also make some things maybe more affordable if people are bidding low,

In San Francisco, Mike Sugerman, KPIX.

Well, here in New York, even if you can afford the sky-high prices, finding an available apartment can be quite a nightmare. Well, now a new app claims to be taking a lot of the stress out of home hunting, allowing renters to bid on pads that they like the look of, a bit like you would on eBay.

The average price for a one bedroom apartment in New York City is more than \$3,100 a month. In San Francisco, rents are about the same. The two are among the world's priciest real estate markets. Demand is high. An inventory of available apartments is low. A new service has just emerged that could change the way tenants interact with landlords. It's called Rentberry.

The company says it has signed up thousands of users, both landlords and tenants, since launching earlier in May.

Bidding for your apartment. Love it or shove it. America's becoming a nation of renters. More than half of the 100 largest cities were a majority renter as of 2015. It was less than a third of that in 2009. Nearly three in four millennials rent rather than own. If you think the rent is too high, there are startups that want you to prove it by forcing you to bid for a place to live. San Francisco based Rentberry allows tenants to bid on the rent, security deposit and other negotiables. These auctions represent a way to profit from tenants offering more than the posted rent in hot markets and landlords trying to fill vacancies in cooler ones. We buy homes through competitive bidding. So why not rentals? Home buying is often done with a blind bidding process, but Rentberry's process is different, we can see what competitors are offering.

Rentberry plans eventually to charge every month 25% of the difference between the posted and negotiated rent. Whoever got the better deal, landlord or tenant pays the fee. It currently charges a one time \$25 fee for every completed rental transaction. So when it comes to the bidding war, I say, love it. I'm Travis Brown. We'll see you next minute.

And we're live with the CEO of a San Francisco company auctioning off rental properties to the highest bidder.

I keep reading up on this online bidding company.

On the apartments.

Rentberry, is that what it's called?

Yes.

So the CEO of Rentberry is coming in, we're going to talk to the CEO.

All right, coming up next, right here on Mornings on 2 The Nine, another talker bidding on places to rent. Up next we talk live to the CEO of a San Francisco based company, putting a new spin on the rental market.

Welcome back. Earlier this week, we told you about a new real estate website that has renters bidding on places to live. San Francisco based Rentberry has landlords list houses and apartments. Then would be renters submit what they would pay for a security deposit and monthly rent. Rentberry tells bidders how many other people want the same place and how much the highest bid is so far.

5,000 cities across United States. Everyone loves us. Everyone uses us. The point is that in other markets, which is not as hot as Manhattan or San Francisco, it works other way around. So tenants can actually go in and say, "Hey, this property is on the market for two weeks. I know this. Nobody's else is applying for this property, so I'll ask for discount." And people would ask for discount in rental price or maybe security deposit. So it's a win-win because landlord-because

I'm so busy, I just want to fill that spot.

Exactly.

So I'll take your 1,800 instead of this magic 2,000 that's not happening.

And for the landlord, it's a win-win because landlord minimizes vacancy rate.

Live from Studio 2A in Pix Plaza. This is the Pix11 News at Five. With Tamsen Fadal and John Muller.

Ask anyone. Finding affordable rent in a city like New York has become nearly impossible. The desperate have opted to live in shoe boxes and closets for a pretty penny. And even a Lower East Side bathroom that went up on Craigslist. In an effort to put some power back into the hands of would be tenants Rentberry allows users to name their own price for rent in an eBay styled auction.

We position ourselves as a transparent application process.

Transparency is the key with the service according to CEO, Alex Lubinsky, who says Rentberry aims to save renter's time and money during the initial apartment hunt.

We also do background checks, credit reports. We do allow to sign electronically rental agreements through the platform, and we essentially offer all of this for free.

In cities with high demand, the service cuts out the middle man.

You have to always apply for 5, 10 apartments. And you're always paying \$45 fees. And it's a very long, extensive process. Why should I pay fees, for example, for apartments I'm not renting?

First introduced in San Francisco, Rentberry uses the tenants profile and credit score as well as their actual bid to help the landlord determine if they want to take the applicant on as a tenant. Money isn't always the driving force.

You don't need to go and jump right away and submit something higher. Maybe you can submit exactly the same offer at ask, because your credit history and your credit report is just much better.
