THE OFFERING AND THE SECURITIES

The Offering

The Issuer is offering a minimum amount of \$50,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$2,000,000 (the “**Maximum Offering Amount**”) of Crowd SAFE (Simple Agreement for Future Equity) the “**Securities**”) on a best-efforts basis as described in this Form C (this “Offering”). The Minimum Individual Purchase Amount is \$150.00, and the Maximum Individual Purchase Amount is \$100,000.00. The Issuer reserves the right to amend the Minimum Individual Purchase Amount and Maximum Individual Purchase Amount, in its sole discretion. In particular, the Issuer may elect to participate in one of the Intermediary’s special investment programs and may offer alternative Minimum Individual Purchase Amounts and Maximum Individual Purchase Amounts to Investors participating in such programs without notice. The Issuer must raise an amount equal to or greater than the Target Offering Amount by (the “**Offering Deadline**”). Unless the Issuer receives investment commitments, which are fully paid for and meet all other requirements set by this Offering, in an amount not less than the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be canceled and all committed funds will be returned.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Issuer’s asset value, net worth, revenues or other objective established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by the **Intermediary** (as defined above), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Issuer are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with a qualified third-party escrow agent meeting the requirements of Regulation CF (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent / warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds. If the investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the investor will receive their Securities.**

The Issuer will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Issuer reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early provided (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Issuer continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

The Deal Page

A description of our products, services and business plan can be found on the Issuer’s profile page on the Intermediary’s website under <https://republic.com/lookhu> (the “**Deal Page**”). The Deal Page can be used by prospective Investors to ask the Issuer questions and for the Issuer to post immaterial updates to this Form C as well as make general announcements. You should view the Deal Page at the time you consider making an investment commitment. Updates on the status of this Offering can also be found on the Deal Page.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Issuer will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be canceled and the committed funds will be returned without interest or deductions.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Issuer designates pursuant to Rule 304(b) of Regulation CF, the Issuer may conduct the first of multiple closings of the Offering early, provided (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Issuer conducts an initial closing (the "Initial Closing"), the Issuer agrees to only withdraw seventy percent (70%) of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Issuer may only conduct another close (a "Subsequent Closing") before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the Target Offering Amount as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Issuer upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Issuer has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Issuer until they are accepted by the Issuer, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Issuer rejects all or a portion of any investment commitment, the applicable prospective Investor's funds will be returned without interest or deduction.

The Securities

We request that you please review this Form C and the Instrument attached as Exhibit B, in conjunction with the following summary information.

Not Currently Equity Interests

The Securities are not currently equity interests in the Issuer and merely provide a right to receive equity at some point in the future upon the occurrence of certain events (which may or may not occur).

Dividends and/or Distributions

The Securities do not entitle Investors to any dividends.

Nominee

The Nominee (as defined below) will act on behalf of the Investors as their agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of Securities or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee's sole discretion, to take custody of any securities acquired upon conversion of the Securities. The Nominee will take direction from a pre-disclosed party selected by the Issuer and designated below on any matter in which affects the Investors' economic rights. The Nominee is not a fiduciary to the Investors and the Investors agree to indemnify the Nominee per the terms of the Security.

Conversion

Upon the next sale (or series of related sales) by the Issuer of its Capital Stock to one or more third parties resulting in gross proceeds to the Issuer of not less than \$5,000,000 cash and cash equivalent (each an “Equity Financing”), the Securities are convertible into shares of the securities issued in said Equity Financing, at the option of the Issuer.

Conversion Upon the First Equity Financing

If the Issuer elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, the Investor will receive the number of securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the “**Purchase Amount**”) by (a) or (b) immediately below:

(a) the quotient of \$20,000,000 (“**Valuation Cap**”) divided by the aggregate number of issued and outstanding shares of capital stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase capital stock, but excluding (i) shares of capital stock reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**SAFEs**”), and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or **SAFEs**;

OR

(b) the price per share of the securities sold in such Equity Financing multiplied by 20%.

Such conversion price shall be deemed the “**First Equity Financing Price**”.

Conversion After the First Equity Financing

If the Issuer elects to convert the Securities upon an Equity Financing other than the first Equity Financing following the issuance of the Securities, at the Issuer’s discretion the Investor will receive, the number of converted securities equal to the quotient obtained by dividing (a) the Purchase Amount by (b) the First Equity Financing Price.

Conversion Upon a Liquidity Event Prior to an Equity Financing

In the case of the Issuer’s undergoing an **IPO** (as defined below) of its Capital Stock (as defined in the Security) or a Change of Control (as defined below) of the Issuer (either of these events, a “**Liquidity Event**”) prior to any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) a cash payment equal to the Purchase Amount subject to the following paragraph (the “**Cash Out Option**”) or (ii) a number of shares of Common Stock of the Issuer equal to the Purchase Amount divided by the quotient of (a) \$20,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Issuer’s capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (w) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (x) any **SAFEs**; (y) convertible promissory notes; and (z) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or **SAFEs**.

In connection with the Cash Out Option, the Purchase Amount (or a lesser amount as described below) will be due and payable by the Issuer to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investors and the holders of other **SAFEs** (collectively, the “**Cash-Out Investors**”) in full, then all of the Issuer’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

“**Change of Control**” as used above, means (i) a transaction or series of related transactions in which any person or group becomes the beneficial owner of more than fifty percent (50%) of the outstanding voting securities entitled to elect the Issuer’s board of directors, (ii) any reorganization, merger or consolidation of the Issuer, in which the outstanding voting security holders of the Issuer fail to retain at least a majority of such voting securities following such transaction or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Issuer

“**IPO**” as used above, means: (A) the completion of an underwritten initial public offering of Capital Stock by the Issuer pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Capital Stock by the Issuer to the public, which in each case results in such equity securities being listed and posted for trading or quoted on a recognized exchange; (B) the Issuer’s initial listing of its Capital Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers shares of existing capital stock of the Issuer for resale, as approved by the Issuer’s board of directors, where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Capital Stock of the Issuer.

Conversion Upon a Liquidity Event Following an Equity Financing

In the case of a Liquidity Event following any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) the Cash Out Option or (ii) a number of shares of the most recently issued capital stock equal to the Purchase Amount divided by the First Equity Financing Price. Shares of capital stock granted in connection therewith shall have the same liquidation rights and preferences as the shares of capital stock issued in connection with the Issuer’s most recent Equity Financing.

If there are not enough funds to pay the Investors and the other Cash-Out Investors in full, then all of the Issuer’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

If the Issuer’s board of directors determines in good faith that delivery of equity securities to the Investor pursuant to Liquidity Event paragraphs above would violate applicable law, rule or regulation, then the Issuer shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such capital stock, as determined in good faith by the Issuer’s board of directors.

Dissolution

If there is a **Dissolution Event** (as defined below) before the Securities terminate, subject to the preferences applicable to any series of preferred stock then outstanding, the Issuer will distribute all proceeds legally available for distribution with equal priority among the (i) holders of the Securities (on an as converted basis based on a valuation of Common Stock as determined in good faith by the Issuer’s board of directors at the time of the Dissolution Event), (ii) all other holders of instruments sharing in the distribution of proceeds of the Issuer at the same priority as holders of Common Stock upon a Dissolution Event and (iii) all holders of Common Stock.

A “**Dissolution Event**” means (i) a voluntary termination of operations by the Issuer, (ii) a general assignment for the benefit of the Issuer’s creditors or (iii) any other liquidation, dissolution or winding up of the Issuer (excluding a Liquidity Event), whether voluntary or involuntary.

Termination

The Securities terminate (without relieving the Issuer of any obligations arising from a prior breach of or non-compliance with the Securities) upon the earlier to occur of: (i) the issuance of shares in the converted securities to the Investor pursuant to the conversion provisions of the Crowd SAFE agreement or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to a Liquidity Event or a Dissolution Event.

Voting and Control

Neither the Securities **nor the securities issuable upon the conversion** of the Securities have voting rights unless otherwise provided for by the Issuer. In addition, to facilitate the Offering Crowd SAFE Investors being able to act together and cast a vote as a group, to the extent any securities acquired upon conversion of the Securities confer the holder with voting rights (whether provided by the Issuer’s governing documents or by law), the Nominee (as defined

above) will act on behalf of the holders as agent and proxy in all respects. The Nominee will vote consistently at the direction of the Chief Executive Officer of the Issuer (“**Nominee Designee**”).

The Issuer does not have any voting agreements in place.

The Issuer does not have any shareholder or equity holder agreements in place.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Issuer.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Issuer; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. “Member of the family” as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Issuer with an opinion of counsel reasonably satisfactory to the Issuer stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any capital stock into which they are convertible to any of the Issuer’s competitors, as determined by the Issuer in good faith.

Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the Terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services.

Other Material Terms

- The Issuer does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.

COMMISSION AND FEES

Cash Commission

At the conclusion of the Offering, the Issuer shall pay the Intermediary greater of (A) a fee of six percent (6%) of the dollar amount raised in the Offering or (B) a cash fee of twelve thousand dollars (\$12,000.00).

Other Compensation

The Intermediary will also receive compensation in the form of the Securities equal to two percent 1% of the total number of the Securities sold in the Offering. The total number of Securities outstanding after the Offering is subject to increase in an amount equal to the Intermediary's fee of one percent (1%) of the Securities issued in this Offering

RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Issuer is subject to the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Issuer's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Issuer is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early-stage companies. The Issuer may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

Global crises and geopolitical events, including without limitation, COVID-19 can have a significant effect on our business operations and revenue projections.

A significant outbreak of contagious diseases, such as COVID-19, in the human population could result in a widespread health crisis. Additionally, geopolitical events, such as wars or conflicts, could result in global disruptions to supplies, political uncertainty and displacement. Each of these crises could adversely affect the economies and financial markets of many countries, including the United States where we principally operate, resulting in an economic downturn that could reduce the demand for our products and services and impair our business prospects, including as a result of being unable to raise additional capital on acceptable terms, if at all.

The amount of capital the Issuer is attempting to raise in this Offering may not be enough to sustain the Issuer's current business plan.

In order to achieve the Issuer's near and long-term goals, the Issuer may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Issuer will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with our Issuer and present and future market conditions.

Our business currently generates sales but future sources of revenue may not be sufficient to meet our future capital requirements.

We may require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We rely on other companies to provide components and services for our products.

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

We rely on various intellectual property rights, including trademarks, in order to operate our business.

The Issuer relies on certain intellectual property rights to operate its business. The Issuer's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may

be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

The Issuer's success depends on the experience and skill of the board of directors, its executive officers and key employees.

We are dependent on our board of directors, executive officers and key employees. These persons may not devote their full time and attention to the matters of the Issuer. The loss of our board of directors, executive officers and key employees could harm the Issuer's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Issuer does not have any key person life insurance policies on any such people.

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Issuer has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Issuer will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Issuer and our operations. We have no way to guarantee key personnel will stay with the Issuer, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy

requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of Individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Issuer is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Issuer may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately held (non-public) issuer, the Issuer is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Issuer's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Issuer of such compliance could be substantial and could have a material adverse effect on the Issuer's results of operations.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease-and-desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

Risks Related to the Offering

State and federal securities laws are complex, and the Issuer could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.

The Issuer has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Issuer may have violated state or federal securities laws, any such violation could result in the Issuer being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Issuer would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Issuer will, if it is required to offer such investors a rescission right,

have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Issuer violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Issuer which, among other things, could result in the Issuer having to pay substantial fines and be prohibited from selling securities in the future.

The Issuer could potentially be found to have not complied with securities law in connection with this Offering related to a Reservation Campaign (also known as “Testing the Waters”

Prior to filing this Form C, the Issuer engaged in a Reservation Campaign (also known as “testing the waters”) permitted under Regulation Crowdfunding (17 CFR 227.206), which allows issuers to communicate to determine whether there is interest in the offering. All communication sent is deemed to be an offer of securities for purposes of the antifraud provisions of federal securities laws. Any Investor who expressed interest prior to the date of this Offering should read this Form C thoroughly and rely only on the information provided herein and not on any statement made prior to the Offering. The communications sent to Investors prior to the Offering are attached as Exhibit [C/D]. Some of these communications may not have included proper disclaimers required for a Reservation Campaign.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission’s EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Issuer’s management may have broad discretion in how the Issuer uses the net proceeds of the Offering.

Unless the Issuer has agreed to a specific use of the proceeds from the Offering, the Issuer’s management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Intermediary Fees paid by the Issuer are subject to change depending on the success of the Offering.

At the conclusion of the Offering, the Issuer shall pay the Intermediary the greater of (A) a fee of seven percent (6%) of the dollar amount raised in the Offering or (B) a cash fee of twelve thousand dollars (\$12,000.00). The compensation paid by the Issuer to the Intermediary may impact how the Issuer uses the net proceeds of the Offering.

The Issuer has the right to limit individual Investor commitment amounts based on the Issuer’s determination of an Investor’s sophistication.

The Issuer may prevent any Investor from committing more than a certain amount in this Offering based on the Issuer’s determination of the Investor’s sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Issuer’s determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Issuer’s determination.

The Issuer has the right to extend the Offering Deadline.

The Issuer may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Issuer attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Issuer extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Issuer receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Issuer receives the Target Offering Amount, at which time it will be released to the Issuer to be used as set forth herein. Upon or shortly after the release of such funds to the Issuer, the Securities will be issued and distributed to you.

The Issuer may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Issuer can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Issuer may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Issuer has the right to conduct multiple closings during the Offering.

If the Issuer meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Issuer to draw down on seventy percent (70%) of Investor proceeds committed and captured in the Offering during the relevant period. The Issuer may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

Investors will not have voting rights, even upon conversion of the Securities and will grant a third-party nominee broad power and authority to act on their behalf.

In connection with investing in this Offering to purchase a Crowd SAFE ((Simple Agreement for Future Equity) investors will designate Republic Investment Services LLC (f/k/a NextSeed Services, LLC) (the “Nominee”) to act on their behalf as agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of the Securities or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee’s sole discretion, to take custody of any securities acquired upon conversion of the Securities. Thus, by participating in the Offering, investors will grant broad discretion to a third party (the Nominee and its agents) to take various actions on their behalf, and investors will essentially not be able to vote upon matters related to the governance and affairs of the Issuer nor take or effect actions that might otherwise be available to holders of the Securities and any securities acquired upon their conversion. Investors should not participate in the Offering unless he, she or it is willing to waive or assign certain rights that might otherwise be afforded to a holder of the Securities to the Nominee and grant broad authority to the Nominee to take certain actions on behalf of the investor, including changing title to the Security.\

The Securities will not be freely tradable under the Securities Act until one year from when the securities are issued. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Issuer. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion

of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distribute, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the Terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services.

Investors will not become equity holders until the Issuer decides to convert the Securities or until there is a change of control or sale of substantially all of the Issuer's assets. The Investor may never directly hold equity in the Issuer.

Investors will not have an ownership claim to the Issuer or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Issuer. Investors will not become equity holders of the Issuer unless the Issuer receives a future round of financing great enough to trigger a conversion and the Issuer elects to convert the Securities. The Issuer is under no obligation to convert the Securities. In certain instances, such as a sale of the Issuer or substantially all of its assets, an initial public offering or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Issuer. Further, the Investor may never become an equity holder, merely a beneficial owner of an equity interest, should the Issuer or the Nominee decide to move the Crowd SAFE or the securities issuable thereto into a custodial relationship.

Investors will not have voting rights, even upon conversion of the Securities.

Investors will not have the right to vote upon matters of the Issuer even if and when their Securities are converted (the occurrence of which cannot be guaranteed). Under the terms of the Securities, a third-party designated by the Issuer will exercise voting control over the Securities. Upon conversion, the Securities will continue to be voted in line with the designee identified or pursuant to a voting agreement related to the equity securities the Security is converted into. For example, if the Securities are converted in connection with an offering of Series B Preferred Stock, Investors would directly or beneficially receive securities in the form of shares of Series B-CF Preferred Stock and such shares would be required to be subject to the terms of the Securities that allows a designee to vote their shares of Series B-CF Preferred Stock consistent with the terms of the Security. Thus, Investors will essentially never be able to vote upon any matters of the Issuer unless otherwise provided for by the Issuer.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Issuer or to receive financial or other information from the Issuer, other than as required by law. Other security holders of the Issuer may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Issuer can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Issuer such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in "default" and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any "default" provisions upon which Investors will be able to demand repayment of their investment. The Issuer has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to the amount of cash available to the Issuer.

The Issuer may never elect to convert the Securities or undergo a liquidity event and Investors may have to hold the Securities indefinitely.

The Issuer may never conduct a future equity financing or elect to convert the Securities if such future equity financing does occur. In addition, the Issuer may never undergo a liquidity event such as a sale of the Issuer or an initial public

offering. If neither the conversion of the Securities nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services. The Securities are not equity interests, have no ownership rights, have no rights to the Issuer's assets or profits and have no voting rights or ability to direct the Issuer or its actions.

Any equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.

The Issuer's equity securities will be subject to dilution. The Issuer intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor's control and economic interests in the Issuer.

The amount of additional financing needed by the Issuer will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Issuer with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Issuer's needs, the Issuer may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Issuer. There can be no assurance that the Issuer will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

In addition, the Issuer has certain equity grants and convertible securities outstanding. Should the Issuer enter into a financing that would trigger any conversion rights, the converting securities would further dilute the equity securities receivable by the holders of the Securities upon a qualifying financing.

Any equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Issuer at the time of conversion.

In the event the Issuer decides to exercise the conversion right, the Issuer will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, dividend rights, or anti-dilution protection. Additionally, any equity securities issued at the Conversion Price (as defined in the Crowd SAFE agreement) shall have only such preferences, rights, and protections in proportion to the Conversion Price and not in proportion to the price per share paid by new investors receiving the equity securities. Upon conversion of the Securities, the Issuer may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Issuer.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the Crowd SAFE agreement, which is attached as Exhibit B.

There is no present market for the Securities and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

In the event of the dissolution or bankruptcy of the Issuer, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.

In the event of the dissolution or bankruptcy of the Issuer, the holders of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors and more senior security holders, including any holders of preferred stock, have been paid in full. No holders of any of the Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Issuer.

While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Issuer does not have sufficient cash on hand, this obligation may not be fulfilled.

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Issuer does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

VIDEO TRANSCRIPTS

1. RAG VIDEO:

0

00:00:01.395 --> 00:00:04.605

Okay, this is one of our Acquisitions Rag, which stands

1

00:00:04.605 --> 00:00:06.245

for the Recording Artist Guild.

2

00:00:06.505 --> 00:00:09.445

You can go to rag.org to find out information about that.

3

00:00:10.065 --> 00:00:11.485

One of the reasons why we wanted

4

00:00:11.485 --> 00:00:13.485

to do this acquisition is not only

5

00:00:13.485 --> 00:00:16.165

that I found it myself in 2009, 15 years ago,

6

00:00:16.865 --> 00:00:19.005

but it comes along with a database

7

00:00:19.005 --> 00:00:22.365

of over 800,000 individual recording artists

8

00:00:22.875 --> 00:00:25.125

that contributes to our creator community.

9

00:00:25.865 --> 00:00:28.245

If you take a look at the, uh, rag site,

10

00:00:29.465 --> 00:00:32.565

it basically features, um, uh,

11

00:00:32.865 --> 00:00:34.565

the blog Rag mag.

12

00:00:35.425 --> 00:00:37.405

Go to rag mag.org to see this one.

13

00:00:37.945 --> 00:00:42.405

It features a lot of the recording artist, uh, music news.

14

00:00:43.025 --> 00:00:46.605

It also talks about spindle, which is our, um,

15

00:00:46.655 --> 00:00:49.205

music channel featuring, uh, rag members.

16

00:00:49.865 --> 00:00:51.165

And that plays on lookup.

17

00:00:51.775 --> 00:00:53.925

We've worked with, uh, tons of celebrities over the years.

18

00:00:54.585 --> 00:00:56.525

We doing live livestream events.

19

00:00:58.065 --> 00:01:01.645

The spindle is the old, um, handle

20

00:01:01.645 --> 00:01:03.965

that holds the old 40 fives in case you didn't know.

21

00:01:04.665 --> 00:01:08.885

Um, but RAG comes with a lot of services for, uh,

22

00:01:08.885 --> 00:01:10.085

individual recording artists.

23

00:01:10.785 --> 00:01:13.685

And if we go over to Rag Mag,

24

00:01:13.745 --> 00:01:16.085

you can kinda see, uh, how that looks.

25

00:01:17.065 --> 00:01:19.685

Um, there's spindle right there that goes again to

26

00:01:21.215 --> 00:01:24.645

right back to ku and it features, um, music videos

27

00:01:25.025 --> 00:01:28.445

and album reviews of all those musicians.

28

00:01:28.445 --> 00:01:31.325

So if we click on that, that goes back to ku,

29

00:01:32.625 --> 00:01:33.845

uh, a linear channel.

30

00:01:42.195 --> 00:01:45.535

So that, uh, is a little bit about that.

31

00:01:46.355 --> 00:01:49.255

And um, so that's a little bit about rag.

2. TALYNT VIDEO:

0

00:00:02.285 --> 00:00:03.845

Introducing talent.io.

1

00:00:04.555 --> 00:00:07.005

This is the KU NFT marketplace.

2

00:00:07.675 --> 00:00:11.605

This essentially is our NBA top shop for the creators.

3

00:00:12.345 --> 00:00:13.965

In other words, movies, TV series,

4

00:00:13.965 --> 00:00:15.725

live events will live here on talent

5

00:00:16.265 --> 00:00:19.125

and link back from KU on our perks section.

6

00:00:19.945 --> 00:00:22.645

As you can see, it's simply really easy to create an account

7

00:00:23.625 --> 00:00:27.685

and it's really easy to create and mint NFTs.

8

00:00:28.705 --> 00:00:31.725

And, um, one of the cool things about

9

00:00:32.665 --> 00:00:34.925

the recent most recent collection that we created

10

00:00:35.035 --> 00:00:36.485

with not only Living Difference,

11

00:00:36.485 --> 00:00:41.285

it's 50 50 year anniversary, we created 10,000 unique NFTs

12

00:00:42.275 --> 00:00:45.125

that individuals can go, actually, they're,

13

00:00:45.125 --> 00:00:48.605

they're the same, but the individual, um, NFTs

14

00:00:48.605 --> 00:00:51.565

that can be given away for anybody who's a fan

15

00:00:51.905 --> 00:00:54.685

of this cult classic on Lookhu we have, the black

16

00:00:54.705 --> 00:00:58.845

and white, the color, and the director's commentary, as well

17

00:00:58.845 --> 00:01:01.325

as the soundtrack and merchandise available,

18

00:01:02.785 --> 00:01:05.365

all included in, um, this collection.

19

00:01:06.105 --> 00:01:09.685

So this is a free thing that users can get

20

00:01:10.265 --> 00:01:13.965

and, uh, just has memorabilia for individual series, um,

21

00:01:14.745 --> 00:01:18.245

and movies and live events that really make it special.

22

00:01:18.985 --> 00:01:21.205

Um, and we feature in some of our other drops here.

23

00:01:21.655 --> 00:01:24.605

These are redemption and slash party are local originals,

24

00:01:25.585 --> 00:01:29.365

and we have, um, a lot of other thousands

25

00:01:29.365 --> 00:01:33.365

of other titles on Lookout available for this, uh, as well.

26

00:01:35.505 --> 00:01:38.965

So now I want to take you directly to one

27

00:01:38.965 --> 00:01:40.005

of the titles on KU

28

00:01:40.705 --> 00:01:45.005

and show you how the Perks section, um, links back

29

00:01:45.425 --> 00:01:46.925

to talent.

30

00:01:48.185 --> 00:01:50.605

So you can see, um, this is the black

31

00:01:50.605 --> 00:01:53.245

and white version, um, not in Living Dead.

32

00:01:54.105 --> 00:01:56.565

You can, um, you know, click on the trailer,

33

00:01:57.035 --> 00:02:00.285

obviously you scroll down, you'll see, um,

34

00:02:00.915 --> 00:02:03.525

there's info there, there's perks.

35

00:02:03.775 --> 00:02:06.045

First thing at the top is our NFT offering

36

00:02:06.545 --> 00:02:08.725

that's gonna take you directly to the collection.

37

00:02:10.145 --> 00:02:14.165

So users can go right there, they can claim they're free.

38

00:02:14.235 --> 00:02:17.685

None of the living dead NFT, they can create a wallet.

39

00:02:17.715 --> 00:02:18.885

They don't already have one.

40

00:02:19.785 --> 00:02:23.085

And, um, as far as I know, that's the only none

41

00:02:23.085 --> 00:02:24.525

of the Living Dead collection in the world.

42

00:02:25.105 --> 00:02:26.765

So it's really easy to create an account.

43

00:02:26.905 --> 00:02:29.885

It can collect with meta mask and it's just like that.

44

00:02:30.035 --> 00:02:31.285

It's really, really seamless.

45

00:02:32.065 --> 00:02:34.005

But again, this is our NFT marketplace.

46

00:02:34.005 --> 00:02:35.405

This is our NBA top shot.

47

00:02:36.265 --> 00:02:39.325

Um, far as we know, there's no other streaming platform

48

00:02:39.325 --> 00:02:41.565

that offers this for individ individual creators.

49

00:02:42.505 --> 00:02:47.205

And just a statistic, um, in 2022,

50

00:02:47.425 --> 00:02:50.525

during the boom, excuse me, 20, yeah, 20, 22

51

00:02:50.525 --> 00:02:54.845

during the boom, um, of NFTs, it was, um,

52

00:02:56.485 --> 00:02:58.245

a \$23 billion market

53

00:02:59.075 --> 00:03:00.075

Last year. It was

54

00:03:00.075 --> 00:03:02.285

only 8.7 billion in the went down.

55

00:03:02.305 --> 00:03:03.525

But here's the interesting fact,

56

00:03:04.125 --> 00:03:07.005

transactions actually doubled, um,

57

00:03:07.065 --> 00:03:09.325

and they soared to 90,000 transactions sources

58

00:03:10.115 --> 00:03:13.205

only 54,000 transactions in 2022.

59

00:03:13.945 --> 00:03:17.685

So to us, that's an indication of these collectibles

60

00:03:18.465 --> 00:03:22.605

and other, um, digital assets to bring value to content.

61

00:03:23.505 --> 00:03:24.565

That's where we come in.

3. LOOKHU CHANNELS VIDEO:

0

00:00:00.105 --> 00:00:03.525

I'd like to share a little bit about the exclusive Lookhu

1

00:00:03.525 --> 00:00:07.645

channels and the business model of being able

2

00:00:07.645 --> 00:00:10.885

to whip out OTT channels literally overnight

3

00:00:11.625 --> 00:00:16.005

and create a paywall, pay-per-view, ad revenue

4

00:00:16.795 --> 00:00:21.045

masterclass, and all the above in the marketplace currently

5

00:00:21.585 --> 00:00:25.205

you have people that offer individual OTT platforms

6

00:00:25.205 --> 00:00:28.365

where you build your own apps and you have to wait

7

00:00:28.385 --> 00:00:32.405

for approvals from Apple and Google and Amazon

8

00:00:32.625 --> 00:00:36.885

and Sony and, and Hisense and TCL

9

00:00:36.885 --> 00:00:40.765

and all of these different platforms where we already are,

10

00:00:41.335 --> 00:00:42.965

we're already all over the world.

11

00:00:43.225 --> 00:00:45.365

We already have gotten their approval.

12

00:00:45.865 --> 00:00:49.685

And not only that, but we can leverage our vast library

13

00:00:50.745 --> 00:00:54.565

to add to individual channels, to empower creators

14

00:00:54.665 --> 00:00:55.765

or brand ambassadors

15

00:00:56.465 --> 00:00:59.205

to have a robust offering literally overnight.

16

00:00:59.315 --> 00:01:00.565

It's a pretty unique concept,

17

00:01:01.425 --> 00:01:03.405

but let's go through the presentation.

18

00:01:03.425 --> 00:01:06.125

So here we are, um, on KU

19

00:01:06.665 --> 00:01:10.085

and, um, right now, uh, we're, you know,

20

00:01:10.085 --> 00:01:12.845

this is at the top banner, uh, for the love of Spock.

21

00:01:13.265 --> 00:01:14.725

Um, this is a unique creator.

22

00:01:14.795 --> 00:01:17.965

It's actually Spock on produced this, not a major studio.

23

00:01:18.625 --> 00:01:22.845

Um, and, uh, he's a part of, um, our, um,

24

00:01:23.145 --> 00:01:25.045

on our banner as an individual asset.

25

00:01:25.185 --> 00:01:28.165

But if we scroll here, the first channel is Champ tv.

26

00:01:28.395 --> 00:01:29.725

This is championed by two time

27

00:01:29.725 --> 00:01:31.125

heavyweight champion Shannon Briggs.

28

00:01:31.745 --> 00:01:34.085

If you go to his perks, you see he's got, um,

29

00:01:34.385 --> 00:01:36.925

his Champ Mobile site that he can promote

30

00:01:38.305 --> 00:01:40.805

and we, uh, partner 50 50 on the revenue

31

00:01:41.305 --> 00:01:42.645

for this, this type of model.

32

00:01:43.105 --> 00:01:44.925

We pay out the ad revenue

33

00:01:45.185 --> 00:01:47.925

or any, any of fees to any of the licensed content.

34

00:01:48.265 --> 00:01:50.845

Here's another exclusive channel. Expand.

35

00:01:51.465 --> 00:01:56.005

Expand is, uh, more philosophical, spiritual, mindful, uh,

36

00:01:56.005 --> 00:01:57.565

content thought provoking

37

00:01:58.145 --> 00:02:00.485

and, um, there's a vast audience for that as well.

38

00:02:01.105 --> 00:02:05.405

Memoir is our documentary channel, um, which we have, um,

39

00:02:05.445 --> 00:02:06.925

hundreds and hundreds of documentaries.

40

00:02:06.925 --> 00:02:09.565

What's cool about this model is we can actually

41

00:02:10.495 --> 00:02:13.045

cross pollinate a lot of these titles and series

42

00:02:13.225 --> 00:02:15.965

and even live events on multiple channels

43

00:02:15.965 --> 00:02:18.805

simultaneously and really niched down.

44

00:02:19.225 --> 00:02:20.885

I'm really excited about high society.

45

00:02:20.885 --> 00:02:23.885

There's a large cannabis population with advertisers

46

00:02:23.905 --> 00:02:26.885

who cannot market on YouTube, Facebook, and Instagram,

47

00:02:27.145 --> 00:02:29.645

and a lot of the social media platforms out there.

48

00:02:29.995 --> 00:02:32.685

Whereas we, um, can house content

49

00:02:32.755 --> 00:02:33.925

that speaks to that audience.

50

00:02:34.505 --> 00:02:36.565

Um, that's recreational, that's additional,

51

00:02:36.945 --> 00:02:39.725

that's documentary, uh, style as well.

52

00:02:40.185 --> 00:02:42.565

And finally, frighten is, uh, a horror channel.

53

00:02:42.635 --> 00:02:44.405

It's a very passionate audience.

54

00:02:45.175 --> 00:02:48.405

We've got one of the largest libraries in this space.

55

00:02:48.865 --> 00:02:51.245

Um, you can see it's completely branded, it's frightening.

56

00:02:51.415 --> 00:02:53.645

We're competing with Shutter on here, uh,

57

00:02:53.645 --> 00:02:54.965

and we offer some cool perks.

58

00:02:55.145 --> 00:02:58.565

Um, like the night of the living dead NFT that's available

59

00:02:58.785 --> 00:03:02.885

for, um, 10,000 Rabbit fans, absolutely free just

60

00:03:02.885 --> 00:03:04.805

for visiting the, the platform.

61

00:03:05.065 --> 00:03:07.405

Little things like that really set us apart

62

00:03:07.985 --> 00:03:11.205

and we are very excited to have this functionality.

4. LOOKHU PITCH VIDEO:

0

00:00:00.085 --> 00:00:02.325

Have you ever heard the phrase content is king?

1

00:00:02.835 --> 00:00:05.485

Well, if that's the case, we're building an empire

2

00:00:05.545 --> 00:00:06.645

for the creators of tomorrow.

3

00:00:07.625 --> 00:00:10.605

I'm Byron Booker, co-founder and CEO of Laup.

4

00:00:10.695 --> 00:00:12.325

We're disrupting the old film

5

00:00:12.345 --> 00:00:15.605

and TV distribution model by our ability to launch

6

00:00:15.745 --> 00:00:19.125

and scale OTT channels and live events instantly.

7

00:00:19.495 --> 00:00:21.365

Since 2014, we've worked with some

8

00:00:21.365 --> 00:00:23.925

of the biggest names in the business, including Snoop Dogg.

9

00:00:23.925 --> 00:00:27.165

Danny Trejo, tiny Lister List goes on and on.

10

00:00:28.655 --> 00:00:31.245

We're the only curated platform that allows creators

11

00:00:31.265 --> 00:00:33.845

to monetize their content with ads, subscriptions,

12

00:00:33.845 --> 00:00:37.805

pay-per-view events, hand tips from any device worldwide,

13

00:00:38.385 --> 00:00:42.165

and fans get an opportunity to get VIP perks, access

14

00:00:42.225 --> 00:00:45.085

to exclusive content, direct access to talent,

15

00:00:45.435 --> 00:00:46.525

merchandise and more.

16

00:00:48.065 --> 00:00:49.365

Hey everyone, this is Joe.

17

00:00:49.585 --> 00:00:52.045

Uh, I've been with Lako since about 2019,

18

00:00:52.305 --> 00:00:54.605

and part of what I do is curate films

19

00:00:54.825 --> 00:00:56.365

and series for the platform,

20

00:00:56.465 --> 00:00:58.405

but I also help onboard creators

21

00:00:59.105 --> 00:01:01.725

and show them how to utilize their channels so

22

00:01:01.725 --> 00:01:03.965

that they can take the customizable tools

23

00:01:04.505 --> 00:01:06.725

and work with them within their channel.

24

00:01:07.315 --> 00:01:11.685

This enables, uh, uh, the creators to monetize different

25

00:01:11.905 --> 00:01:13.085

and it's something

26

00:01:13.085 --> 00:01:15.765

that connects the two in a whole different way,

27

00:01:15.985 --> 00:01:17.965

and I think that's a really important aspect in the

28

00:01:18.125 --> 00:01:19.165

business, especially right now.

29

00:01:20.245 --> 00:01:22.685

Contributing to that is 5,000 plus creators who

30

00:01:22.885 --> 00:01:24.725

provided more than 10,000 film TV

31

00:01:24.745 --> 00:01:26.325

and live events to our platform.

32

00:01:27.465 --> 00:01:31.485

In 2023 alone, we've received over \$700,000 in revenue

33

00:01:32.185 --> 00:01:35.285

and get more than 500,000 impressions per month.

34

00:01:37.265 --> 00:01:39.845

What's the deal? Is the champ Shannon Cannon Briggs two

35

00:01:39.845 --> 00:01:41.005

time heavyweight champ of the world.

36

00:01:41.265 --> 00:01:43.605

I'm here with the Real Champ. That's right, my boy Byron.

37

00:01:43.665 --> 00:01:45.045

And guess what we doing? We got

38

00:01:45.045 --> 00:01:46.285

something real big coming your way.

39

00:01:46.495 --> 00:01:48.005

Champ tv. That's probably

40

00:01:48.005 --> 00:01:49.365

powered by Local who tell him, Byron,

41

00:01:50.215 --> 00:01:53.405

We've already received more than \$1.3 million from

42

00:01:53.405 --> 00:01:55.885

institutional funding and now we're opening up the

43

00:01:55.885 --> 00:01:58.885

opportunity for the crowdfunding community to take advantage

44

00:01:59.185 --> 00:02:00.725

of what we feel is gonna be one

45

00:02:00.725 --> 00:02:02.365

of the top streaming platforms globally.

46

00:02:04.665 --> 00:02:06.725

Ray j checking in. Listen, big things popping this year

47

00:02:06.905 --> 00:02:08.285

and shout out to Byron Booker.

48

00:02:08.285 --> 00:02:11.045

Shout out to Lookhu. Um, not only are they working close

49

00:02:11.045 --> 00:02:15.125

with me on putting the operations together for this new OTT,

50

00:02:15.505 --> 00:02:17.965

but uh, just with all the past business that we've done,

51

00:02:17.995 --> 00:02:21.285

it's always been super good, super professional, super real,

52

00:02:21.505 --> 00:02:22.565

and super successful.

53

00:02:22.585 --> 00:02:25.845

So I'm looking forward to a, a positive year, four years,

54

00:02:25.875 --> 00:02:29.645

five years, 10 year run until we get this thing successful.

55

00:02:30.065 --> 00:02:32.445

Um, again, shout out to ku, shout out to Byron Booker.

56

00:02:32.445 --> 00:02:34.765

Shout out to the whole team. Big things on the way y'all.

57

00:02:34.975 --> 00:02:36.445

Let's go. I'm super excited.

58

00:02:37.145 --> 00:02:39.685

One of the most exciting things about KU is

59

00:02:39.685 --> 00:02:41.205

how we empower our creators.

60

00:02:41.905 --> 00:02:46.685

We have a patented pending AI technology called Brand Track,

61

00:02:46.685 --> 00:02:47.765

which allows creators

62

00:02:47.865 --> 00:02:50.165

to put product placement in their videos

63

00:02:50.665 --> 00:02:51.885

before they release 'em

64

00:02:51.945 --> 00:02:53.365

and connect directly with some

65

00:02:53.365 --> 00:02:57.845

of the top brands in the world and monetize those videos.

66

00:02:58.145 --> 00:03:01.685

As soon as they get traction, they can also decide

67

00:03:01.685 --> 00:03:04.765

to remove those brands via AI and

68

00:03:04.765 --> 00:03:06.805

or replace them with other products.

69

00:03:07.345 --> 00:03:10.285

We feel with this exciting technology will be very

70

00:03:10.285 --> 00:03:11.805

disruptive and very profitable.

71

00:03:14.145 --> 00:03:17.445

The two leading companies in the creator economy industry is

72

00:03:17.445 --> 00:03:18.685

only OnlyFans in Patreon,

73

00:03:18.865 --> 00:03:20.485

and they've paid out billions of dollars

74

00:03:20.825 --> 00:03:23.325

to creators in the adult and podcast space.

75

00:03:23.745 --> 00:03:26.005

We plan to do the same thing for premium creators

76

00:03:26.075 --> 00:03:28.165

that do film, tv, and live events.

77

00:03:28.745 --> 00:03:31.205

We sincerely hope you take advantage of this opportunity

78

00:03:31.585 --> 00:03:33.325

and join us on a mission to become one

79

00:03:33.325 --> 00:03:34.965

of the leading streaming platforms on.

5. LOOKHU LIVE VIDEO:

0

00:00:01.015 --> 00:00:02.435

One of the coolest things about Lookhu,

1

00:00:02.455 --> 00:00:04.355

who is the live fan experience?

2

00:00:04.845 --> 00:00:06.355

Let's say you're a creator on Lookhu,

3

00:00:06.355 --> 00:00:09.275

and you want to do commentary on the Shannon Briggs Rampage

4

00:00:09.275 --> 00:00:10.475

5

00:00:10.815 --> 00:00:12.955

but you don't wanna buy a ticket to Hollywood, Florida.

6

00:00:13.465 --> 00:00:14.915

00:00:21.385 --> 00:00:24.355

10

00:00:27.775 --> 00:00:31.715

and go find the Shannon Grave Grand Page Jackson Fire.

11

00:00:33.645 --> 00:00:35.035

There it is. Let's see.

12

00:00:35.035 --> 00:00:36.795

14

00:00:41.985 --> 00:00:46.115

He watched it when he was a child.

10

00:01:23.735 --> 00:01:26.475

He went with his mom and he's a huge fan of Monster

11

00:01:26.695 --> 00:01:28.115

I seen Moon today.

2

00:00:11.325 --> 00:00:15.655

Wake up when the, I just let the stars

3

00:00:15.785 --> 00:00:17.135

guide my way.

4

00:00:18.255 --> 00:00:19.695

I don't see no Sunshine

5

00:00:22.605 --> 00:00:24.255

Moon today.

6

00:00:25.045 --> 00:00:26.815

Wake up falls.

7

00:00:28.615 --> 00:00:30.215

I just let the stars guide.

8

00:00:33.075 --> 00:00:35.975

We be hanging with the goblins, living dead. Welcome

9

00:00:36.455 --> 00:00:38.895

Everyone from some private screening, a slash partying.

10

00:00:38.895 --> 00:00:40.055

Give it up for yourselves.

11

00:00:51.635 --> 00:00:53.375

So we're here live at the arc like theater

12

00:00:53.395 --> 00:00:54.535

in Hollywood, California.

13

00:00:54.535 --> 00:00:56.655

As you can see, this beautiful facility,

14

00:00:56.955 --> 00:00:58.255

we had an amazing turnout.

15

00:00:58.335 --> 00:00:59.935

A lot of the cast and crew came out

16

00:01:00.115 --> 00:01:01.455

and we, we made it happen.

17

00:01:01.515 --> 00:01:04.055

We blended the establishment Hollywood royalty

18

00:01:04.285 --> 00:01:06.695

with the new up and coming influencers and new talent.

19

00:01:07.155 --> 00:01:08.535

And that's what we wanted. We wanted

20

00:01:08.535 --> 00:01:10.095

to put 'em together and watch the magic happen.

21

00:01:10.395 --> 00:01:12.775

So look for big things from Lookhu, more original series,

22

00:01:12.845 --> 00:01:15.255

more original films, more live content.

23

00:01:15.865 --> 00:01:18.015

Thank you for coming out and we will see you soon.
